Editorial 003

Seven wins from nine starts! Wow what a fantastic performance by **Dean Garbett** who has got up to speed with the Carrera Digital races quicker than anyone else. **Phil Rees** and I were the only Members to beat him at Sebring. It will be interesting to see who comes to the fore at the next track, Sakhir! Certainly, don't count out Dean.

Welcome to our two newest Members, **Macaully Dutson** and **John Yates** taking our Carrera Digital field out to 21 racers!

Check out who is ranked where on page 41. We will produce these charts at the end of each of our four tracks, although everyone's ranking his added to each magazine after each evening.

I'm really looking forward to testing our new track, Sakhir, on Tuesday 29Mar22. While Sebring has been a great track, we have raced it so many times now in so many configurations, both in tests and races, it is time for a change.

See you all Tuesday.

2. Congrats to the king of Sebring, Dean Garbett

Dean Garbett was virtually untouchable at Sebring, taking seven wins from nine starts, giving him a commanding lead in the DHORC-CD Championship. Only **Phil Rees** and **Nick Sismey** took the other race wins.

Despite all these wins he only set two Pole Positions. One during the initial qualifying session and the second when John Lamb had set Pole at the end of Evening 1 but was unable to attend the Evening 2 races, giving Pole to Dean. Dean has also not set any Fastest Laps in any of the nine Club Nights to date, showing that the way to win is consistency and not top speed. This is exactly what Martin Chadwick used to do in HO hence his number of wins but very few Fastest Laps.

Will Dean’s domination continue at the faster Sakhir circuit from 12Apr22?

POYNTON'S PASTIMES

EST 1848

Hi everyone, first of all, I'd like to say thank you to DHORC for letting us put a page in the magazine.

We are a family run business which was established in 1848 as a Newsagents before opening a stall in Derby Market hall back in 1866, as well as having various stalls dotted about over time in the surrounding area.

Due to the restoration work currently taking place on the Market Hall, we are now based at Park Farm Shopping Centre in Allestree where we are still primarily a Newsagents but also sell jigsaws, Models, Scalextric, Carrera, Hornby and much more.

Aston Martin Vantage GT3

BMW M6 GT3

McLaren 720s GT3

Above is a selection of the Carrera Digital Carrera Cars we currently have in stock these will also be available to buy on the Carrera race nights as well.

4. Please let us know if you can't make a race night

Could we make a plea for everyone to let us know if they **can't** make a Carrera Digital evening, please? With HO it is fine as we just add folk to the list as they arrive, however with Digital we need to know how many racers we have so we know whether we are running two, three or four Groups in each Club Night. We don't need to know if you are coming just if you **aren't** – then we won't have to reset the order of play like we had to on Tuesday as shown below – thanks a bunch.

5. Ranking at the end of each quarter (circuit)

Just to add a bit of fun we will add the below posters (see Page 41) to the magazine showing where everyone is ranked at the end of each quarter (circuit). Ranking is based on where everyone comes in Qualifying, Final Position and Fastest Lap for each Club Night. Like with HO, it covers the last 20 Club Nights racers have contested, so won't really come into its own until we have completed 20 Club Nights. Interestingly, despite **Dean Garbett** having seven wins, his 17th place in one race has dropped him behind **Angus Smith** who has had three Poles and six Fastest Laps.

6. John Yates testing in Phil Rees' man cave

Before his first DHORC evening on Tuesday night **John Yates** visited Phil Rees' man cave, last Friday, to have some practice and his car set up.

7. Changes to SmartRace app to speed up racing

To speed up the time between races we have agreed to not add folks' names and car to the App each time. We will just have Driver 1, Driver 2 and Car 1, Car 2 etc. That means, once the cars have been configured to a particular hand controller position at the beginning of the evening there is no more work for Race Control to do between races. As soon as one Group's race results have been recorded on the Excel spreadsheet the next Group can plug their hand controllers in and their cars placed on the track and the next race can start. This will mean more racing and less faffing.

8. Sakhir Test, including Qualifying 29Mar22

After almost a year of testing and racing on the superb Sebring circuit we finally change track to the F1 Sakhir circuit next Tuesday for our first Bahrain Test Night. We will be running 5-minute races so that everyone can get in as many races as possible with as many cars as they want. Also, to save time at the first Sakhir Club Night on 12Apr22 we will Qualify at the end of the Test Night. Hopefully as many of you as possible can attend the Test Night to reduce the amount of Qualifying we need to do on 12Apr22.

9. Ninth DiSCA Le Mans 24 Hours – Derby – 2/3Apr22

In between our Sakhir Test Night and first Club Night on our new track, **John Lamb**, **Phil Rees** and **Nick Sismey** will take part in the ninth DiSCA Le Mans 24 Hour race in the Derby Leisure & Events Venue Sports Hall, Derby. Running on Ninco Digital track with Oxigen software the 12 teams will be running in different Le Mans classes. The race starts at 3pm on the Saturday so if you are free, please pop along to take a look at a very different Le Mans to the HO one we have run 27 times!

10. Help with Donington Park corporate events please

Thanks to support from our contacts at MotorSport Vision we have been invited back to Donington Park with our eight lane track (shown below) to at least four of their biggest events in 2022.

The first is the British Touring Car Championship weekend on 23/24Apr22 where we will construct our gazebos in the Paddock just outside the Donington Park Megastore. Luckily, Donington Park allow us to keep our gazebos in their storeroom, just behind where we put them up, saving us transporting them to each event.

We usually have up to six volunteers supporting the track each day so if you are available, please let me know. With only five needed to run our circuit at any one time it means someone can always be checking the real on track action or walking around the Paddock to take in atmosphere. We always have great fun at these events while making money for DHORC, keeping our membership fees low for all.

11. Possible Sprint Races at the end of Carrera Digital evening

We are contemplating running 5-minute Sprint Races at the end of our Carrera Digital evenings and awarding 1/3rd points. We are still mulling it through and even looking at how we could make the racing closer for these races. Watch this space!

Sebring

Carrera
DIGITAL 132

22nd March 2022

John and Macaully enjoyed their first Club Nights, John winning Group C in Round 7

Garbett reaches first half dozen with second hattrick

Dean Garbett and his pink pig Porsche 911 are so well matched to Sebring he seems to be able to win with ease as he took his sixth win from seven starts and second straight hattrick (Rounds 5,6 and 7). Again, he wasn't the quickest on track, setting the second fastest lap, but his strategy of taking early pit stops and just keeping up a good average pace took him to a 3.3 lap win.

From fifth on the grid **Nick Sismey** held off the fastest racer in Round 7, and second on the grid, **Angus Smith** by a mere 0.2 Laps, so closely were they matched. Fellow Group A racer **Steve White** kept his fourth place grid slot through to the flag two laps further back.

Geoff Peach was the first of the drivers outside Group A taking the Group B win on his way to fifth overall ahead of fellow Group B racer **Phil Rees** who was the last of the 70+ Lap racers in the first Club Night of the night.

Dave Edwards is really enjoying Carrera Digital with seventh here, showing he is getting to terms with the complexity of lane changes and pit stops like so many others. He was just 1.4 Laps behind Phil and 1.2 Laps ahead of **Lewis Blacker**, with **Martin Thorpe** making it five Group B racers in a row, 5.1 laps further back.

New member **John Yates** in his first Club Night race took Group C honours and rounded out the top ten by just 0.4 laps from fellow Group C racer **Richard Booth**.

Laura Edwards and **Stuart Gray** may have been in separate Groups but there was just 0.1 Laps between the two at the end of 15 minutes, leaving them in 12th and 13th.

John Lamb recorded his first Pole Position, thanks to his fastest lap in Round 3 back in January. He had not been able to take the benefit of it in the February evening due to COVID however, luckily for him, no-one beat his time in Rounds 4,5 or 6 so he sat on Pole for Round 7. Unfortunately, he wasn't able to take the benefit from it as car problems dropped him to 14th. **Macaully Dutson** had only had five minutes practice (including two minutes of Qualifying) before Round 7 so to record 40.6 Laps having never raced Carrera Digital before was a great start!

Dean and Geoff won their Groups in Round 7

Sismey hits top spot with first max point score

Nick Sismey became the first DHORC Carrera Digital racer to take a max 45 points score with his first win and fastest lap. Seven time winner **Dean Garbett** was hot on his heels throughout with an incredible 0.1 Laps separating the two at the end. Had Dean taken a quicker splash and dash pit stop at the end he would have taken the win as he finished on 14% fuel, Nick 7%. **Steve White** was back on the podium for the second time, his first win can't be far away.

Geoff Peach again won the Group B battle keeping his hopes up in the Group Challenge. **Dave Edwards** went two better here than Round 7 with an incredible 5th overall. Will he and Geoff be fighting for Group A honours at Sakhir?

John Lamb made much better use of his second straight Pole Position by taking sixth this time, eight places better than Round 7. He was a mere 0.6 laps behind Dave and an even smaller 0.4 Laps ahead of **Lewis Blacker** who is moving his Ferrari up the grid.

Less than a lap further back was Group C winner **Liam Smith** in 8th, five places better than his previous best, in his first race of the night, He just (0.3 laps) beat the second quickest driver in Round 8 **Angus Smith** who admitted that he needs to change his driving style with Carrera Digital to improve his finishing record. Despite that he remains the Number 1 ranked racer in the category.

Chris Cooper was back for Round 8 taking the grid to 17. He would beat seven fellow racers with 10th here but should have been higher up had he not continued to enter the pits in 6th gear rather than 1st, costing him track time and laps! He just beat **Richard Booth**, who matched his Round 7 result, by the smallest of margins, 0.1 Laps

Martin Thorpe dropped three places compared to Round 7 with 12th here exactly a lap behind Richard. Martin was running his own Ferrari for the first time however, so was getting used to it. **Stuart Gray** and **Laura Edwards** again had a great battle despite again being in separate Groups. This time Stuart got the upper hand by 0.4 Laps to take 13th.

John Yates wasn't able to match his Round 7 result, nor was **Phil Rees** as they dropped to 15th and 16th respectively for different reasons. **Macaully Dutson** again reached 40 laps, just 0.6 fewer than Round 7. His new pink pig has since arrived so am sure he will be recording more laps at Sakhir.

Steve White reached the podium twice

Race Report

Round 09

Sebring

Carrera
DIGITAL 132

22nd March 2022

John Lamb and Phil Rees did a great job at Race Control along with Angus Smith & Dean

Liam in charge of the computer, taking a best placed 7th on the night, six places better than his previous PB

Garbett, king of Sebring

Dean Garbett finished the nine Sebring races just as he started with his seventh win of the year, so keeping the Carrera Digital hattrick ball, having recorded a double hattrick at the venue! He maintains the lead in both Championships but still remain second in the Ranking charts by a mere 0.148 points thanks to **Angus Smith** setting a new track record with his sixth fastest lap! This counteracted Angus' ninth place finish here. Results must turn things around in Dean's favour at Round 10. **Nick Sismey** recorded his most race laps (78.4) to date to take second, 0.8 laps shy of Dean. Only Dean had recorded more laps at Sebring, his record being 81.6 in January. **Steve Smith** secured his third, third place on the rostrum. Can't wait to for Sakhir to see if it shakes up the running order and we get another new winner!

Phil Rees had a much better Round 9 than Round 7 and 8 getting to within 0.5 Laps of Steve and winning Group B, his second career Group win. Likewise, **Chris Cooper**, having changed his driving style, particularly his pit lane entry speed, reaped the rewards of a first Group C win and fifth overall, six places better than his previous best. What a great way to finish at Sebring!

Dave Edwards kept up his performance from Round 8 dropping just one place to sixth 0.3 laps behind Chris. So close was the midfield that **Geoff Peach** and **Liam Smith** were only 0.2 Laps further back in joint 7th, Liam improving his career best finish by another placing.

Angus was certainly out of position again 0.2 Laps further back, just managing to keep his top Ranked placing with his record lap of Sebring. With nine racers recording 70+ laps, tenth placed **Richard Booth** (his best finish of the night) was only 0.9 Laps from adding to that group. His 69.1 laps were only 1.9 laps behind fifth placed Chris, showing that a couple of extra seconds in the pit stops can make such a difference to your finishing place.

Martin Thorpe improved on his Round 8 finish by one place here, with 11th, his extra 3.4 Laps securing his placing in a higher scoring race. From his third straight Pole **John Lamb** again couldn't match the cars original speed, lapping nearly a second slower, as he took home 12th.

Stuart Gray recorded a hattrick of 13 place finishes on Tuesday night. He was just 0.4 Laps behind Razor but 1.7 ahead of **Lewis Blacker** who dropped back from his two excellent results in Rounds 7 and 8. **John Yates** equalled his Round 8 placing of 15th here, five down from his best start to his Carrera Digital career of 10th in Round 7. **Laura Edwards** was just 0.6 Laps further back while **Macaully Dutson** added 5.1 Laps to his best finish to take a third Wooded Spoon of the night, however improvements can certainly be seen. Watch out all at Sakhir.

Richard took 11th, 11th & 10th on the night

HO racers Andrew & Jamie Thompson popped in to check out Carrera Digital

Feeling under the weather it was touch and go whether Chris would make it. We were pleased he did, as was he with a career best 5th in Round 9

Circuit History

The **Bahrain International Circuit** is a 5.412 km (3.363 mi) motorsport venue opened in 2004 and used for drag racing, GP2 Series (now FIA Formula 2), and the annual Formula One Bahrain Grand Prix. The 2004 Grand Prix was the first held in the Middle East. Beginning in 2006, Australian V8 Supercars raced at the BIC, with the event known as the Desert 400. However, the V8 Supercars did not return for the 2011 V8 Supercar season. 24 Hour endurance races are also hosted at BIC. The circuit has a FIA Grade 1 license. The circuit also has multiple layouts.

The construction of the Bahrain circuit was a national objective for Bahrain, initiated by the Crown Prince, Shaikh Salman bin Hamad Al Khalifa. The Crown Prince is the Honorary President of the Bahrain Motor Federation. TRL was asked to build the circuit, headed by Patrick Brogan.

Race organizers were worried that the circuit would not be complete in time for the 2004 Bahrain Grand Prix and attempted to cancel the event; however, Formula One supremo Bernie Ecclestone refused this request. In the end, the circuit was not quite fully complete, but was good enough for the grand prix to go ahead.
