Editorial 004

12 Club Nights in the books already! It doesn't seem two minutes since **Phil Rees** and I first started talking about Carrera Digital at the beginning of 2021, and yet here we are with 21 Members, 12 Club Nights and nearly 13,000 Laps run. Thank you to everyone who has supported our new chapter at DHORC.

Congratulations to **Angus Smith** for taking his first two race wins in Round 10 and 12 and to **Dean Garbett** for continuing his winning streak at every evening by winning Round 11. Many racers also bettered their Qualifying, Finishing and Fastest Lap position with the configuration of Sakhir favouring their driving style while many also continue to improve their race craft. Race results are getting closer which can only be good for the Championships. Congrats all.

The Sakhir evening brought to close five straight Tuesdays of racing with two Carrera evenings, two HO evenings and a Carrera test night. The weekend before Tuesday night's race **Gary Skipp** and team also ran a very successful ninth DiSCA Oxigen Le Mans 24-hour race in the Derby Leisure and Events Venue Sports Hall, which many of you attended. Club Members **Macaully, John Lamb, Martin Thorpe** and **Steve White** went one step further taking part in the great event. Please see more info on Page 5. **Nick Sismey**

2. Le Mans 24-hours returns to DHORC – 2/3Apr22

Gary Skipp's DiSCA organisation ran its ninth Oxigen Digital Le Mans 24-hour race, in the very same Sports Hall that we have run 27 of our HO Le Mans events, over the weekend of 2/3Apr22. Just walking into the Sports Hall on the Monday before the event, the smell of the place brought back so many memories from our first event in June 1992 through to last in November 2019.

On Thursday, Gary, **Alex Jones** and **Martin Thorpe** set about the build while Gary's parents Lyn and Eric were clearly familiar with the tasks they were set getting stuck right in The track and drivers' platform (brought in by an outside contractor) were up before lunch then all the accompanying paraphernalia had to be added.

Friday was Practice and Qualifying day where members of the 12 teams arrived from Belgium, Italy, the Netherlands, Portugal and the UK. Thanks to support from the Belgium team we were able to move all of our green tables plus chairs from the Table Tennis room for all to use.

Saturday was final Qualifying, with four DHORC Members, **Macaully Dutson, John Lamb, Martin Thorpe** and **Steve White** all taking part. I was just there for photography and video purposes (sounds familiar!).

At 3pm the race began, which is covered extensively on both the Digital Slot Car Public and DHORC Facebook Pages.

After the race finished at 3pm Gary did a fantastic job hosting an awards ceremony, the Portuguese Olifer Racing team taking top honours.

Following this it was a matter of breaking down the track, drivers' platform and returning all the tables and chairs. While Gary's team sorted the track and the contractor returned to remove the drivers' platform Razor and I managed the return of the equipment to the Table Tennis room. Luckily DL&EV let me borrow their van as we were staying on site, which really speeded things up.

POYNTON'S PASTIMES

EST 1848

Hi everyone, first of all, I'd like to say thank you to DHORC for letting us put a page in the magazine.

We are a family run business which was established in 1848 as a Newsagents before opening a stall in Derby Market hall back in 1866, as well as having various stalls dotted about over time in the surrounding area.

Due to the restoration work currently taking place on the Market Hall, we are now based at Park Farm Shopping Centre in Allestree where we are still primarily a Newsagents but also sell jigsaws, Models, Scalextric, Carrera, Hornby and much more.

Aston Martin Vantage GT3

McLaren 720s GT3

Above is a selection of the Carrera Digital Carrera Cars we currently have in stock these will also be available to buy on the Carrera race nights as well.

By 6:30pm everyone had left after an incredibly successful event, so I accompanied Razor as he checked everything was locked up before we both left for home.

I do believe it has given Gary the impetus to look at more events at DHORC, watch this space for further news. You never know we could well be running something similar to this Lowlands Racing LMP1 3D printed chassis and bodied Rebellion R13 on our Carrera Digital tracks in weekend endurance races!

Phil Rees built a long pits complex at Sakhir but used the more gradual chicane track pieces for the entry and exit. This helped folk who entered a little too quick!

Lewis still enjoying, Dean still pondering, while Chris Cooper would soon be happy Qualifying sixth equal with Nick Sismey!

Angus Smith did a great job at Scrutineering and set the fastest laps in both the 5 minute races and Qualifying.

Great to see Jono Johnson back at DHORC although it sadly looks like he may miss the first Sakhir Club Night!

DIGITAL 132

12th April 2022

Angus Smith scrutineering and organising all the cars into their groups before he became our fourth Carrera Digital winner. Chris Cooper looks on.

Angus becomes our 4th Carrera Digital winner!

Sakhir was already looking good for **Angus Smith** on 29Mar22 when he took the initial Pole Position for Round 10 at the end of the Test Night. He was the only racer to dip under ten seconds in the two minute Qualifying session and admitted it was more his type of track. However, fourth on the grid, and seven time race winner, **Dean Garbett**, now running an Audi, was not going to make it easy for Angus. Lapping within three tenths of a second of Angus, Dean was again making very few mistakes, Angus having to up his game to challenge for the win. Both led while the other pitted so close were they. At the lights Angus just kept ahead by 0.1 laps to take his first win, along with his fourth Pole and seventh fastest lap. He was also the second racer to take the maximum 45 points.

Geoff Peach had cleverly qualified slowly leaving him in Group C, to give him more chance of Group wins at this the first night at Sakhir. In the race he was 2.6 seconds quicker than his Qualifying time, putting him easily into Group A for the May race. He also only lost a lap to Angus and Dean every five minutes taking his first podium placing!

From second on the grid, his best Qualifying to date, **Simon Goodlip** recorded his best finish with fourth, revelling in his new Porsche 911 RSR, just under four laps behind Geoff. He shared fourth with **Liam Smith**, who was finally coming to terms with his Lamborghini Huracan, which was also

his best finish, both having recorded a seventh place finish as their best prior to tonight.

Nick Sismey thought he had Liam sorted towards the end of the 15-minutes but a crash right at the death enabled Liam to add 0.2 Laps to Nick's score! To show how close they were just 0.025 seconds separated them on lap times. **Steve White** took the first race of the night to get himself dialled in as he took seventh, 0.8 laps behind Nick, with a very tired looking **Dave Edwards** (having just come off a 12-hour shift) being very pleased to be well inside the top ten, 1.4 laps in arrears in eighth. He would be the only racer to swap Groups during the evening to keep the evening going, thanks Dave.

Phil Rees was the last racer in the 60+ lap bracket with 60.2 in ninth, just a lap behind Dave. He was followed home by **Martin Thorpe**, rounding out the top ten, 0.6 laps separating the two.

Chris Cooper may have lapped quicker than **Richard Booth**, but it was the latter who took 11th by 0.8 laps. Chris however had started from his best grid position of the year, sixth, which he shared with Nick. From fifth on the grid, **Lee Pateman's** NASA Lamborghini dropped to 13th but with the sixth fastest lap of the race. **Stuart Gray** also dropped three grid paces at the flag to 14th but was able to keep a distance to **Macaully Dutson** who was starting to get the hang of his Pink Pig Porsche 911.

Sebring guru Garbett tames Sakhir

Despite changing car and circuit **Dean Garbett** proved he wasn't a one-trick pony by taking his first win on the new Sakhir circuit, beating Round 10 winner, and Poleman for both Bahrain races, **Angus Smith** by 1.6 laps, setting a new 15 minute record for the desert circuit. Angus also took his third straight fastest lap.

Simon Goodlip was making the most of his car swap to a Porsche 911 for Sakhir recording his best finish to date, third, just 0.9 laps behind Angus. He also held off long time 1/32nd racer **Steve White** by 1.1 Laps as more and more racers queue up for podium places.

Geoff Peach again won the Group C battle adding his fourth maximum Group score to his Group Championship tally taking fifth. **Phil Rees** and **Nick Sismey** had an incredible battle in Group B finishing on the same lap and tenth, Phil just getting the nod by a couple of feet for sixth.

Martin Thorpe was Geoff's nearest challenger in Group C, losing out to him by just over three laps but only one behind Phil and Nick. **Lee Pateman** was typically lapping in the top five but a few too many offs saw him drop to ninth overall, which he shared with **Richard Booth**. Eight places may have separated them in lap times, but Richard was clearly the more consistent with a slower car.

Chris Cooper was the best of the rest in Group B, falling just 0.4 Laps behind Group A and C racers Lee and Richard. **Liam Smith** finished on the same lap as Chris, just 0.3 laps in arrears, 2.5 laps short of his winning Group score in Club Night 10.

Dave Edwards couldn't match his Round 10 result, recording 1.3 laps less. Had he set that score in Round 10 he would have been just two places further back but as everyone was improving it dropped him five places in Round 11. Despite both **Stuart Gray** and **Macaully Dutson** improving on their previous round score they found themselves in 14th and 15th again. However, improvement is an improvement and am sure they will soon be climbing the leader board

Macaully Dutson was clearly happy improving his lap score in each round and taking over two seconds off his Qualifying time! **Liam Smith** won Group B in Round 10.

Stuart Gray started the evening from 11th on the grid running in Group B. His best result of the evening was 13th in Round 12, one off his career best result.

Richard Booth matched his career best result of 9th in both Club Nights 11 & 12

Steve White recorded his fourth third place finish at Club Night 12

Smith backs up his first career win

Angus Smith backed up his first Carrera Digital win at Club Night 10 with his second win, from his third consecutive Pole Position, at Club Night 12. He also broke **Dean Garbett's** 15-minute lap record by just 0.1 laps to hold all records at the Sakhir track, plus his fourth straight fastest lap.

Steve White was back on the podium for the fourth time this year, equalling his best result to date. While Dean was two laps down on Angus, Steve was only 0.7 laps behind Dean. There again **Geoff Peach** completed a perfect 18 Group point evening finishing even closer to Steve, a mere 0.3 laps the gap. In fact, our three third place racers on the night were only separated by 1.3 laps as they jostled again to be the best behind Angus and Dean, with **Simon Goodlip** in fifth this time. Geoff also took the second best fastest lap this round, beating his previous best of third and putting him well into Group A for the next Sakhir evening.

This time it was **Nick Sismey's** turn to win the Group B battle after **Liam Smith** and **Phil Rees** took the honours in the previous two Club Nights. Taking sixth overall Nick added a lap to Phil's 7th placed score, with Liam down in tenth 3.1 laps behind.

Between Phil and Liam were **Martin Thorpe** and **Richard Booth**, Martin just 0.2 laps ahead. He

also recorded the 7th fastest lap at Sakhir placing him top of Group B for the second Sakhir evening. Matching his best result of ninth Richard continues to record top ten finishes.

Chris Cooper matched his Round 11 finish with 11th here despite a 0.7 lap improvement, with **Dave Edwards** just 0.3 laps behind. By this point of the evening Dave was so ready for his bed, any result would have been good.

Circuit History

The **Bahrain International Circuit** is a 5.412 km (3.363 mi) motorsport venue opened in 2004 and used for drag racing, GP2 Series (now FIA Formula 2), and the annual Formula One Bahrain Grand Prix. The 2004 Grand Prix was the first held in the Middle East. Beginning in 2006, Australian V8 Supercars raced at the BIC, with the event known as the Desert 400. However, the V8 Supercars did not return for the 2011 V8 Supercar season. 24 Hour endurance races are also hosted at BIC. The circuit has a FIA Grade 1 license. The circuit also has multiple layouts.

The construction of the Bahrain circuit was a national objective for Bahrain, initiated by the Crown Prince, Shaikh Salman bin Hamad Al Khalifa. The Crown Prince is the Honorary President of the Bahrain Motor Federation. TRL was asked to build the circuit, headed by Patrick Brogan.

Race organizers were worried that the circuit would not be complete in time for the 2004 Bahrain Grand Prix and attempted to cancel the event; however, Formula One supremo Bernie Ecclestone refused this request. In the end, the circuit was not quite fully complete, but was good enough for the grand prix to go ahead.
