Editorial 007

Welcome Jag and Thomas to DHORC. Two new Members on one night (Page 5), what a great result for the Club. We are now effectively one Member short of a full grid and we may remedy that with a possible new Member on 23Aug22.

The new Daytona Sports Car Course certainly had its fans while one or two weren't so keen. Being very different to the previous two tracks it is good to have a mixture of circuits in the Championship. I'm sure Fuji will also have mixed views, watch this space in October!

Congratulations to **Angus Smith** for becoming the first racer to take a perfect 135 points haul on one night, with three wins and three fastest laps. With our biggest field to date, 21 racers, we had to run four 15-minute Group races for the first time in each Round. This meant three more (45-minutes) races

but thanks to everyone we fitted them all in and still had time to pack away before the curfew of 22:30 hours. In fact the keys were handed in at 22:26 hours! Without the SmartRace App deciding to update just before the Club Nights I'm sure we would have been even quicker! Roll on Rounds 22, 23 and 24 next week.

Please also see **Phil Rees'** new Razorlite catalogue at the back of this magazine (Page 51)

2. Welcome new Members Thomas Gray and Jag Kalyan

For the third Club Night (Two Digital and one HO) in a row it is a big DHORC welcome to new Members! This time it was for **Jag Kalyan** (overleaf) and **Thomas Gray** (below).

Daniel Kalyan, Jag's son joined at the last Carrera Digital Club Night, and we are very pleased to say that Jag joined this week, bringing along a similar Audi to the one Daniel is running.

We are also pleased to say Thomas, son of **Stuart Gray** who joined our HO section in 2018, also joined us on Tuesday night. He has since bought a Lambo so is getting kitted out ready.

Not only did they join but both took Group wins, one to Thomas and two to Jag! Welcome gentleman, great to have you as Members. Don't forget everyone is here to help at all times!

DAYTONA

INTERNATIONAL SPEEDWAY

Steve White, Richard Hill, Martin Thorpe, Simon Goodlip, Stuart Gray and Angus Smith set off on their first 5-min test

Thank you to the 20 racers who attended the rescheduled Daytona Sports Car Course Test Night on Tuesday 26Jul22. With the slightly banked corners (2 inch wooden wedges under R4 curves)

Phil Rees excellent pits complex

Chris Cooper, Dean Garbett and Lewis Blacker testing

John Lamb at RC, Thomas Gray marshalling

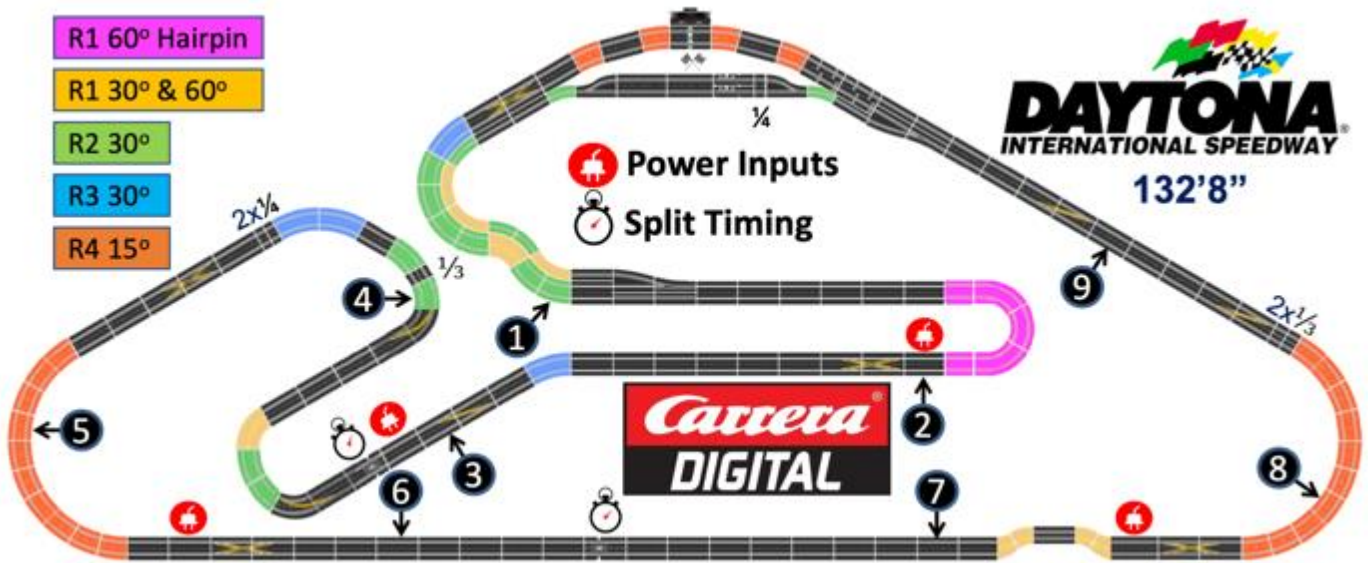

Jag Kalyan looks on as Phil sorts his Audi

it was the first time we had run on anything but a flat track. These two largest corners were flat out on the outside however it was soon realised the track was quicker on the inside lane as you could take the chicane on the back straight faster.

Jag's great pic of his (green) and Daniel's Audis

Stuart Gray

Richard Booth looks on with Razor at RC

A big thank you to **Phil Rees** for all of his hard work towards Daytona, including making the chicane (below left) modelled by **Chris Cooper**, cutting up the Carrera track to make our longest pit lane yet and shortening our Rockingham Oval wooden wedges to enable us to bank the two big R4 corners by two inches. He also sorted the simulated wall round both of these bends (below right).

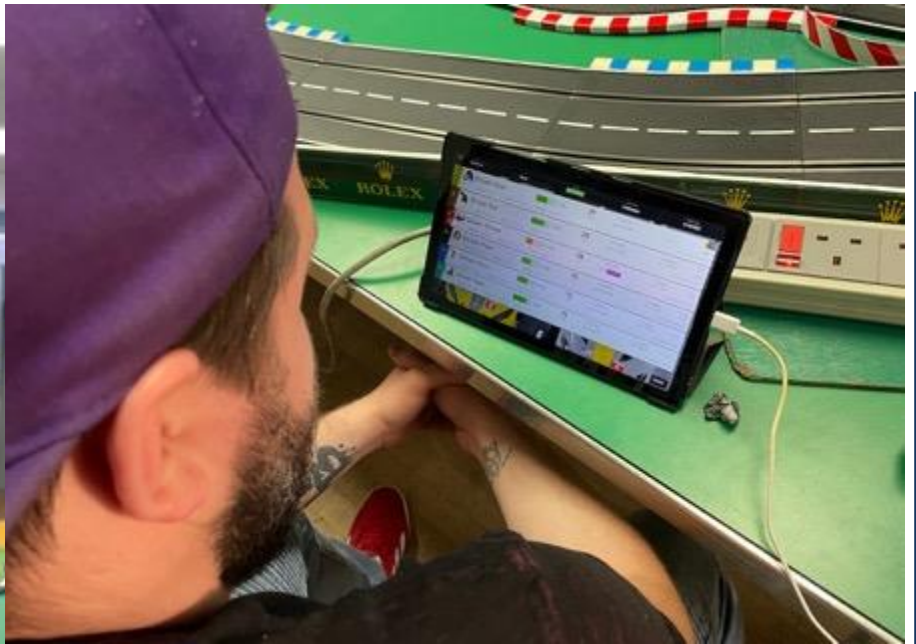

We again ran five minute races, grouping racers as they walked through the door. This mix did give everyone a chance to run with racers of differing ability, which can only be good to help everyone improve. With everyone completing four races Championship leader **Dean Garbett** came out on top regarding the most race laps (Page 13) with Phil and I half a lap down. **Simon Goodlip** set the fastest lap with Dean and **Angus Smith** joining him in the sub 10 second group. So close was the field that 13 racers recorded sub 11 second lap times, including new Member **Thomas Gray**.

We actually had 21 racers on the night as **Ugur Bakici** (left) a Rolls-Royce Rep from Istanbul, who I used to work with, over here on a training, popped in for a go. Had he not had an exam the next day I'm sure he would have stopped longer.

Liam Smith (above) took his turn, alongside Phil,

Dean and **John Lamb** at running the excellent SmartRace App at Race Control.

Following the test we ran one lap Qualifying (Page 18), which saw Dean take pole from Simon and **Martin Thorpe**. With **Chris Cooper** also in fourth it was great to see folk moving up the charts! Following Qualifying everyone helped to pack away which was done in 20 minutes, thanks all.

Angus leads home largest grid to date

Angus Smith led home the largest Carrera Digital grid to date at Round 19, with 21 racers taking to the all-new Daytona Sports Car Course. While he was one of four Members to fail to record a lap time in the one lap Qualifying shoot out (which put him 16th equal) at the end of the Test Night on 26Jul22, he ran top of Group A as Groups were based on Ranking for the first evening at a new circuit. Recording his 11th Fastest Lap in a row he beat Group B winner **Simon Goodlip**, who was running his new Audi, by 2.2 laps, to take home the first win at our third track of the year, with maximum points as he set the fastest lap as well. Pole sitter **Dean Garbett**, with the only Qualifying lap in under 10 seconds, was 1.3 laps further in arrears, rounding out the podium.

Nick Sismey's Porsche 911 failed before the get go so Simon was kind enough to lend him his previous race car, another Porsche 911. Nick thanked him by taking it to fourth place. Only the top three recorded lap times below 10 seconds as folk found their feet (or tyres) around a track very different to the ones raced so far this year. **Steve White** made it four Group A drivers in the top five, the last racer to record 70+ laps in the race.

Phil and John Lamb programme cars to their relevant hand controller port pre-race

Chris Cooper showed that his fourth place in Qualifying (two places better than his previous best in Round 11 in April) was no fluke as he brought home his Lambo in fifth, a top three surely can't be too far away! **John Yates** really showed his built in speed, taking sixth on the grid (five grid slots better than his previous best at Round 7 in March) and his best result to date with 7th, three places better than his PB in March. His second career Group C win put him 1.2 laps ahead of the fifth Group A racer **John Lamb**, who finished in eighth, two places better than his grid slot.

Phil Rees and **Lee Pateman** shared 9th position, both recording 65.7 laps. They were paired together in Group B and couldn't be separated on the track. We have decided if two racers finish on the same lap and tenth, they receive equal points even if one is ahead of the other. That is because someone in another Group could record the same score and we wouldn't know if they were ahead or behind the other Group racer on the same score.

Liam Smith found himself just a lap behind joint ninth, his 11th place finish, a three place drop from his eighth in Qualifying, however he lapped quicker than he did in the grid placing shoot out and beat several folk in Groups above him! **Martin Thorpe** struggled in his first race of the night. A PB third placed grid slot (his previous best being sixth at Round 16 in June) unable to prevent him dropping to 12th at the flag. **Dave Edwards** and **Geoff Peach** rounded out Group B and Group C respectively, both sixth in their full Groups. Just 0.4 laps separated the two.

On a very busy evening **Richard Booth** beat two racers in his C Group and all in Group D on the way to 15th. New Member **Thomas Gray** began his Digital career by becoming the first ever winner of Group D. We have only run three Groups up until Tuesday however with 21 racers we needed to run a fourth Group for the first time! He beat fellow Group D racer **Laura Edwards** by a mere 0.1 laps, although she ran this first race of the evening in Group C as her Group had already run by the time she arrived. She in turn beat **Stuart Gray** by exactly a lap.

Our second new Member of the night **Jag Kalyan** would finish in 19th as he got used to his new car and the track. Behind him was **Macaully Dutson** who had improved on his best Qualifying slot by one place, 12th. **Daniel Kalyan** may have finished at the foot of the table, but he also improved in two categories. His 15th in Qualifying and Fastest Lap were both a one place improvement on his previous best at his first evening in June.

New Members Thomas Gray and Jag join Daniel and Macaully Dutson in Group D for the first of twelve 15-minute races on the night.

Angus takes second perfect point haul

Angus Smith was again imperious in Round 20, adding 0.4 laps to his Round 19 score to take victory again over **Simon Goodlip** who added 0.3 laps to his previous round score, both taking Group wins again. Just 0.3 laps also separated him from **Nick Sismey**, who added three more laps to his previous best at Daytona to round out the podium places. Angus won from his 13th Pole of the year and set his 12th straight fastest lap, taking home another maximum points score.

Steve White went one better in the second race of the evening with 4th just 1.1 laps ahead of **Phil Rees**, who was four places better than previous! **Martin Thorpe** made it three Group B and three Group A racers in the top six before **John Lamb** and **Geoff Peach** swayed it in Group A favour with the next two placings, 1.5 laps covering the three.

Group C consisted of Stuart Gray, Richard Booth, John Yates, Liam Smith and for the first race Laura Edwards, who moved back to Group D thereafter

A mere 0.1 laps covered the next three, **Dave Edwards** that far ahead of Group C winners **Liam Smith** and **Richard Booth** who both shared 66.8 laps. Although, as Richard said, he was “66.8 and a bit more!” While this was Liam’s third Group win, it was Richards first, one for the books!

Lee Pateman dropped 1.1 laps compared to his first race of the night, and with others improving fell from 9th to 12th here. The previous round’s Group C winner **John Yates** was just 0.2 laps behind our HO Championship leader with **Jag Kalyan** pulling one out of the bag in only his second Club Night! From 19th in Round 19 he worked his way up to 14th here to take his first Group D win. Previous Group D winner, at his first attempt, **Thomas Gray** took second this time but improved on his best final placing by one place with 15th. Jag and Thomas also went one and four places better with their fastest laps, recording 18th and 14th respectively.

It was in fact three Group D racers in a row with **Daniel Kalyan**, just three Rounds more experienced than dad Jag and Thomas, taking 16th overall, three better than Round 19. He also set the 12th fastest lap of the round, three better than his previous best at the last round.

Stuart Gray and **Laura Edwards** swapped places compared to Round 19, Stuart taking 17th this time with 0.1 laps the gap compared to a lap difference in the previous race. **Macaully Dutson** ran to 19th, one place better than the first race of the night.

Nine times race winner **Dean Garbett** had his worse score to date in Round 20 when his car just gave up the ghost (later, over the next weekend found to probably be a chip malfunction) as his car began to smoke and stopped all the cars in the race. He was unable to continue the Group A race and so dropped to 20th overall. A similar feat befell **Chris Cooper**, but 16 laps earlier in Group B. This time it was down to a couple of broken cables leaving him at the foot of the table.

Macually and errr Dave!

Race Report

Round 21

Daytona

16th August 2022

Dean Garbett, at Race Control, didn't have his best evening!

Angus takes maximum 135 point haul at Daytona

Angus Smith became the first racer to take a maximum 135 points haul from three Club Nights on one evening by taking all three wins and all three fastest laps. He now matches **Dean Garbett** on nine wins, and all on a circuit he admits is not one of his favourites! From his record 14th Pole he became the first to record 80+ laps at the Daytona Sports Car Course, with his 13th straight fastest lap taking him to a career record of 18.

The podium for Round 21 mirrored Round 20 with **Simon Goodlip** in second and **Nick Sismey** in third, both improving on their previous round's scores but not enough to trouble Angus. Simon matched Angus on a maximum 18 Group points, winning Group B in every race on the night.

Steve White's fourth place also matched the previous round's result, everyone continuing to improve as they became more familiar with the new track. Round 21 continued the trend of their being at least one pair of competitors sharing a score in every race. This time it was **Geoff Peach** and **Phil Rees'** turn as both recorded 72.2 laps in fifth.

John won two Group C races on the night

Group B – Chris Cooper, Dave, Martin Thorpe, Lee Pateman, Phil and Simon Goodlip

John Lamb matched his Round 20 result with 7th again here, a mere 0.5 laps ahead of **Lee Pateman**, who joined the sub nine second lap club for the first time in this race. The updated SmartRace App was tweaked at Daytona to increase fuel flow on any lap that anyone recorded under 10 seconds. Therefore, the usual 28%, 21%, 14% fuel remaining countdown was replaced by different countdowns depending on how many sub 10 second laps each racer did! Was strange to hear a 17% for example in your earphones!

Chris Cooper bounced back from his 21st and final place finish in Round 20 with ninth here. It showed how much everyone was improving as he scored 2.4 laps more than in Round 19 but dropped three places. He also dropped below 10-seconds on lap times for the first time! **Dave Edwards** rounded out the top ten, again with an improved score but a one place drop.

John Yates was back to winning ways again in Group C after dropping to third in the last race, beating **Martin Thorpe** and **Richard Booth** on the same score, the latter sharing a result for the second time on the night, by 0.5 laps to take 11th equal. Previous Group C winner **Liam Smith** was third in class this time, while the family Kalyan were side by side, with **Jag Kalyan** in 15th and **Daniel Kalyan** in 16th. Daniel's 10.506 lap time catapulted him up a whole class for the next evening on 23Aug22, where he will start top of Group C, beating former winner Mr Rees to the Group's pole! He had also improved on his best Qualifying place to date by three places with 12th here, while Jag's 16th fastest lap placing was a two place gain.

Tom Gray went one better than Daniel however in only his third race! His 10.337 second lap puts him into Group B at the next race evening, a two Group jump! And only after three races to Daniel's six! He would finish 17th here after recording 16th and 15th in his first two races, but again improving on his lap score each time! His 14th place on the grid was a two place improvement than earlier in the night and his fastest lap time was the 10th best, a four place improvement! With an improved score **Laura Edwards** matched her previous Round position with 18th to close out the 60+ lap group of nine racers.

Stuart Gray was only 0.8 laps below the 60 lap cut off, which he should easily make at the next evening. **Macaully Dutson** recorded 12.3 laps more here than the first Round of the night but still found himself in 20th after a blip up to 19th in the middle Round. His lap times are also creeping down to the lower 11s, a ten next time out? Poor ole **Dean Garbett's** car was still in a bad way as he took to the track for the third time of the night. As he watched Angus equal his nine wins record, he could only make 2.5 laps this time out! That's two Rounds he will no doubt be dropping!

Simon took three second places at Daytona

Circuit History

The **24 Hours of Daytona**, also known as the Rolex 24 At Daytona for sponsorship reasons, is a 24-hour sports car endurance race held annually at Daytona International Speedway in Daytona Beach, Florida. It is run on the Sports Car Course layout, a 3.56-mile (5.73 km) combined road course, utilizing portions of the tri-oval and an infield road course. Since its inception, it has been held on the last weekend of January or first weekend of February as part of Speedweeks, and it is the first major automobile race of the year in North America. The race is sanctioned by IMSA and is the first race of the season for the IMSA SportsCar Championship.

The race has had several sponsors names over the years. Since 1992, the Rolex Watch Company is the title sponsor of the race under a naming rights arrangement, replacing Sunbank (now SunTrust) which in turn replaced Pepsi in 1984. Winning drivers of all classes receive a Rolex Daytona watch.

The race has been known historically as a leg of the informal Triple Crown of endurance racing.
