Editorial 011

33 Club Nights – 29 Members! Thank you all for a superb first Carrera Digital season at DHORC. We had no less than 13 new DHORC Members in 2022 just for the 1/32nd digital racing. Who would have thought in our first year we would max out on Membership?

Talking of new Members we have to welcome both **Jason-Thomas (JT) Hughes-Dowd** and **Jay-Dee (JD) Hughes-Dowd** to the 2022 DHORC Membership. While JD probably won't, unfortunately, return next year, JT most certainly will, to join dad Dan and younger brother JJ.

Congratulations to **Steve White** for taking his third race win in Round 31 and to inaugural Champion **Angus Smith** for taking his 15th and 16th in Rounds 32 and 33. Congrats also to **Daniel Kalyan** for taking his first Group win and to all of our other Group winners **Lewis Blacker, Richard Booth, Dave**

Edwards, Laura Edwards, Jag Kalyan and Martin Thorpe.

Finally I would just like to wish you all a Merry Christmas and a Happy New Year and look forward to seeing you at the first Test of next year at Imola on Tuesday 03Jan23. **Nick Sismey**

Front Cover: JJ, JT, JD & Dan Hughes-Dowd all raced on Tuesday night!

2. Thank you for supporting Year 1 – Here's to 2023

Thank you all for supporting our first year of Carrera Digital. When **Phil Rees** and I first thought about building a digital track way back in early 2021 we never envisaged that we would add 1/32nd racing back into DHORC. We tried it many years ago with Scalextric Sports but it never worked. We tried it with SCX Digital and it just didn't grab us.

We were therefore amazed at just how good Carrera Digital was. The track and cars were of quality we hadn't seen before and with the SmartRace app we could run a totally different event to what we had before.

With thanks to you all we have now run 11 Evenings and 4 Test nights, tweaking both the car and race rules as we go. Therefore we are well ready for an even bigger year in 2023 running seven circuits and up to 42 Club Nights over 13

dates. Ranking, as shown in the first table, has now been changed from the last 20 Club Nights to the last 9. The Race Groups for the first Evening on 17Jan23 are therefore as shown in the second table.

As we have a limit of 24 racers on any one Evening **Dan Hughes-Dowd** and his son and new Member **Jason-Thomas (JT) Hughes-Dowd** have kindly agreed that they will be 1st and 2nd reserves should anyone be unable to attend. While it was also great to have **Jono Johnson** back for the first time since February he also agreed to be 3rd reserve. Therefore it is important if folk can't make it to advise us please.

Each individual 2022 Member's details, in order of Ranking to the new 9 Club Night rules, can be seen from Page 48. The arrows indicate the change for each Member since the last time we published these in June. I believe we will reduce Membership from 29 to 27 in 2023.

The updated Rules and Regulations Booklet will be out before the end of the year and sent to all.

Looking forward to seeing you all at the first Test at Imola on 03Jan23.

Round 31

Fuji

Carrera
DIGITAL 132

6th December 2022

With six, of a record 23 cars, already in Parc Ferme, Angus Smith begins scrutineering

Steve takes back to back wins with biggest grid to date!

Steve White became the third Member to take back to back wins on Tuesday night, in what was our biggest grid to date with 23 starters. After winning Round 30 two weeks ago he repeated the feat at Round 31, joining the **Dean Garbett** and **Angus Smith** club. From third on the grid Steve overcame record Pole sitter Angus (his 22nd) by a lap to record his third win of the year, setting the third fastest lap of the Round. Angus was the only racer to dip under nine seconds in lap time, taking his 25th fastest lap.

Lewis Blacker took his third, third place finish in four starts, just a further lap behind Angus, from fifth on the grid and taking the fifth fastest lap of the Round. His fifth on the grid was a personal best as his previous best was sixth on 25Oct22.

This was Lewis' fourth straight Group B win and without the wheels coming off (pun intended) his racing in other Rounds he surely would be a Group A racer by now! It will be interesting to see how the agreed change, where Ranking is based on 9 Rounds in the future compared to the previous 20, has on the Race Groups going forward.

Round 31

Fuji -

06 December 2022

 	 	 
<p>2nd Angus Smith</p>	<p>1st Steve White</p>	<p>3rd Lewis Blacker</p>

The first 15-minute race of nine about to start, with Group D (LtoR) new Members Jay-Dee (JD) Hughes-Dowd, Jason-Thomas (JT) Hughes-Dowd, dad Dan Hughes-Dowd, Simon Rankin, Group winner Jag Kalyan and Daniel Kalyan, plus their cars below.

Nick Sismey was very pleased with his fourth place, although he was a wee bit disappointed when the grinning Lewis added a 0.5 laps to the former's score to knock him off the podium! Dean made it four Group A racers in the top five with the same gap to Nick as Nick was to Lewis. Dean was closest to Angus on lap time, just a tenth behind him.

Martin Thorpe, who must be alongside Lewis as a future winner, was only 0.3 laps behind Dean. **Phil Rees** had sorted his hand controller (duff wire), which was making his car run on at the previous Evening, however he was still not as close to the leaders as he had been earlier in the year, which had rewarded him with two wins. Seventh here, 2.9 laps down, means he will be looking at which chassis to run at Imola in January to get him back up the field. **Geoff Peach** closed out Group A with eighth just 0.8 laps short of Phil's score. Like Lewis and Martin, surely Geoff should get a win in 2023.

Dave Edwards and **Chris Cooper** shared ninth, both on 75.0 laps, Dave winning Group C for the fifth time in a row. Group C dominated the next three places with **Richard Booth** in 11th, **Laura Edwards** 12th and **JJ Hughes-Dowd** in 13th. This was JJ's first run in Group C having run in Group D two weeks earlier, in his only other Evening. To be within 0.9 laps of Laura and 1.1 laps of Richard was excellent as these two are usually around the top ten now!

Liam Smith was a lap back from JJ while we were so pleased to see our other JJ, **Jono Johnson** back for the first time since February taking 15th with a borrowed Ferrari from Nick. After an off the car sounded like it was dragging something; a bent rear chassis piece was the culprit, but it didn't seem to be slowing him down as he took 15th with a career best 11th fastest lap! Half a lap behind Jono was **Stuart Gray**, son Tom withdrawing on the day as under the weather. **Macaully Dutson** closed out Group C 1.2 laps behind Stuart but ahead of the whole of Group D.

Group D was a real family affair with two Kalyan's with friend Simon and three Hughes-Dowd. **Jag Kalyan** just pipped son **Daniel Kalyan** by 0.6 laps, Jag's third Group D win. **Dan Hughes-Dowd** in only his fourth Club Night followed Daniel home by the smallest of margins, 0.1 laps. He was the seventh and final racer to score between 60 and 70 laps.

Top of the 50+ laps was **Simon Rankin** in 21st with new Members **JT Hughes-Dowd** beating older brother **JD Hughes-Dowd**, who became the first Member to ever record a 23rd place finish.

Group C, (LtoR) Jessie-James (JJ) Hughes-Dowd, Stuart Gray, Laura Edwards, Macaully Dutson, Richard Booth and Group winner Dave Edwards as Phil Rees watches on from Race Control

Angus takes third best motor to 15th win!

After becoming our first Carrera Digital Champion **Angus Smith** ran his second best motor and tyres in his GT McLaren at the previous evening where he didn't take top spot. This week he was using his third best which arguably should be regarded better than that as he took his 15th win from his 23rd Pole and set the 26th fastest lap! His 83.3 laps were 0.3 laps less than **Steve White** managed in Round 31, but Steve was only 0.7 laps further back in third with **Dean Garbett** squeezed in between the two 0.5 laps behind Angus. It is incredible just how close these races are now considering how much is going on in 15 minutes with pit stops, cars to overtake and crashes. For just 0.7 laps to separate three cars is amazing! Dean also dipped into the eight second lap times for the first time on the night.

Nick Sismey was becoming Mr 4th place on Tuesday night 0.9 laps separating him from the podium this time as opposed to 0.5 in Round 31. **Martin Thorpe** made the most of one of **Lewis Blacker's** Ferrari and **Phil Rees'** Porsche rear wheels rolling down the track and across the room to take an 80.8 lap total Group B win, his third. **Geoff Peach** again closed out Group A, however he was out on his own, 3.2 laps behind Martin and 3.8 ahead of **Chris Cooper**, second in the B.

Group B, (LtoR) Liam Smith, Chris Cooper, Lewis Blacker, Phil Rees, Martin Thorpe and the returning Jono Johnson

Richard Booth was king of Group C this time, in an extremely close finish, with three of them separated by just 0.6 laps. Richard's second Group win was as a result of taking 8th overall, beating his previous best finish of 9th on 15Feb22. Great to see so many PBs. They continued as **Dave Edwards** and **Laura Edwards** were the other two within 0.6 laps of Richard. Laura's 10th was one place better than her 11th on 25Oct22. So closely is she matched to hubby Dave that she was just 0.2 laps behind him and Dave fastest lap was only a thousandth quicker than Laura's: wow!

Liam Smith finished three places better than Round 31 with 11th here, a lap behind our only lady racer Laura. **Jag Kalyan** matched his best finish of 12th in October here winning Group D for the third time in a row, with his first 70+ number of laps score! **Stuart Gray** was one position off his best ever finish with 13th, but three positions better than Round 31. His 68.9 lap score his most of the evening and just 0.3 off his own PB set two weeks ago.

Dan Hughes-Dowd had a big smile on his face with his best finish to date, 14th, especially as he was ahead of all three sons! **Daniel Kalyan** was yet another improver, with 15th, one better than his previous PB of 16th on 21Jun22. **Jono Johnson** dropped one place from Round 31 to 16th here, but clearly had the speed. His previous Round lap time gave him 12th on the grid, three places better than his previous best on 15Feb22.

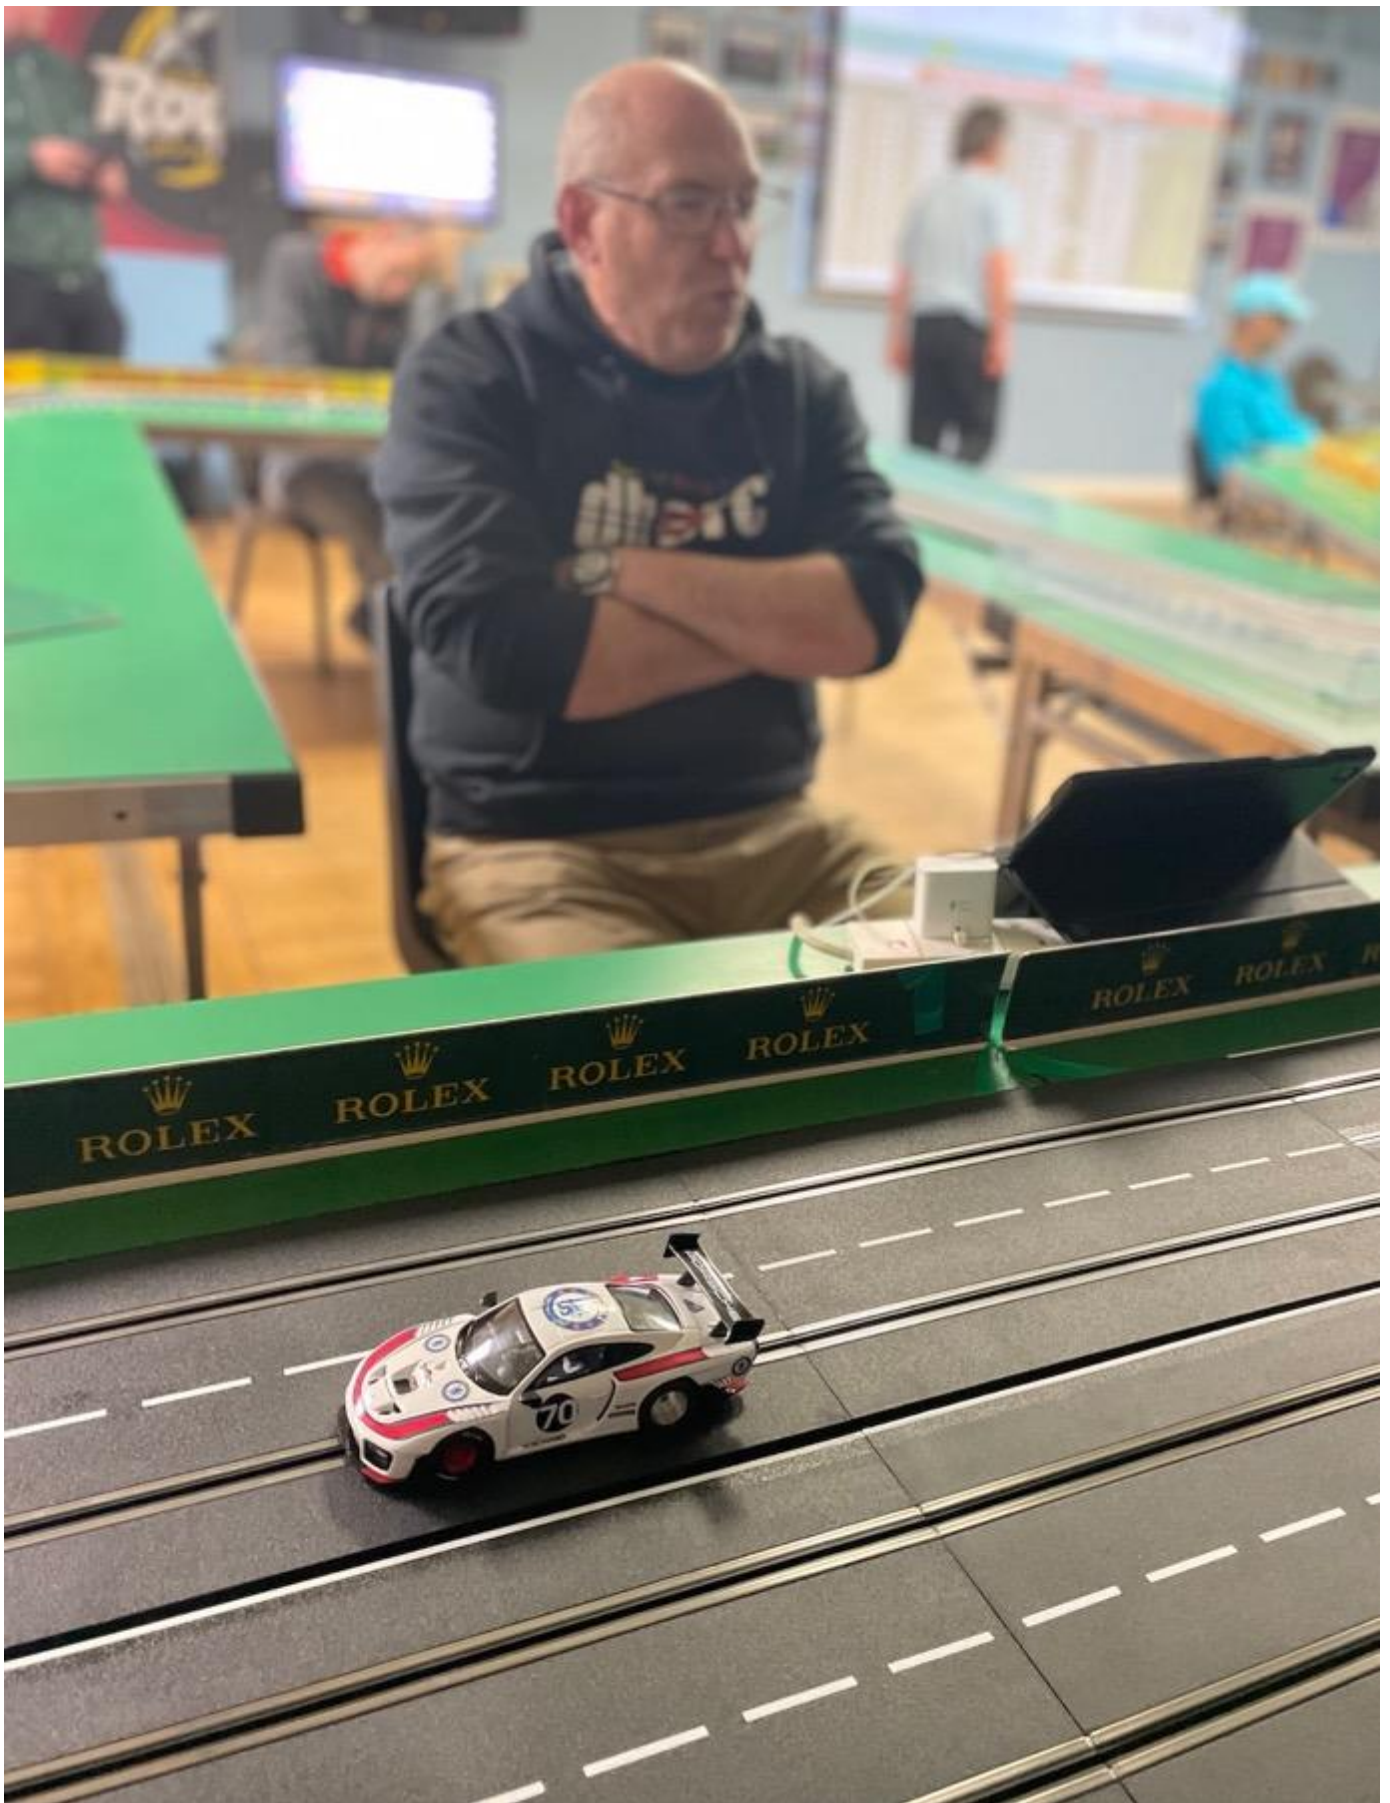

JJ Hughes-Dowd could just about make out his dad's car 6.4 laps up the road as he had to settle for 17th this time, however with a much faster lap time than Dan. **Simon Rankin** equalled his October best finish with 18th again here, 1.1 laps behind our youngest racer JJ.

JT Hughes-Dowd and **JD Hughes-Dowd** improved on their first race finishing positions, both moving up three places to 19th and 20th respectively.

Macaully Dutson was getting on quite nicely until his car began to slow. When a marshal pulled it off the track he noticed it was smoking. Therefore after 46.3 laps he had to retire in 21st. Lewis (left) kindly offered to fix it by replacing the motor. This was despite him finishing in 22nd with a rear wheel departing after 25.1 laps. Phil (right) unfortunately had the same after just 1.7 laps!

Unfortunately Phil was soon back at Race Control after only 1.7 laps of Round 32

The 23 cars on the grid

Angus closes out 2022 with his 16th win

Our record holder in all categories **Angus Smith** closed out the 2022 season adding to each of his records. His 16th win followed his 24th Pole while he also set his 27th fastest lap during the final 15-minute race of the year. To add to that he also broke his own Fuji race laps record of 85.1 laps set on 25Oct22 leaving it at 85.7 laps.

Dean Garbett also set his best laps in nine attempts at Fuji but fell short of the win by 1.7 laps. We had the same podium as Round 32 with **Steve White** just 0.2 laps further back in third.

The top three were well ahead of the rest, in fact some 3.1 laps ahead of double Group B winner on the night **Martin Thorpe**. With a score of 80.7 laps he was just 0.1 under his own PB of 80.8 set in Round 32 but finished one place better with fourth, preventing **Nick Sismey** from making it a hattrick of fourth places by 0.5 laps.

With his rear wheel back where it should be **Phil Rees** matched his score in Round 31, but this time it resulted in a finish one place better, with sixth. After an eighth and sixth at the previous Rounds **Geoff Peach** split them with seventh here. He, like Phil, matched his Round 31 score!

Laura Edwards is flying in Carrera Digital, a class she clearly loves! Setting her most laps at Fuji and her fastest lap in the same race she took Group C for the second time. Her eighth place finish

Group 'A' (LtoR) Nick Sismey, Geoff Peach, Steve White, Dean Garbett and Angus

JD gave it a good go at his first Evening at DHORC

was two better than her PB of 10th only set the Round before and more importantly she beat **Dave Edwards** by two places and 2.3 laps! While Dave also set his quickest Fuji lap in this race, 0.104 seconds quicker than Laura, she holds the families' best race laps score by 0.3 laps. It is going to be great watching these two in 2023. **Chris Cooper** was the one who kept these two apart, 0.6 laps behind Laura, 1.7 laps ahead of Dave. His 75.4 laps was only 0.1 off his best at Fuji in November and while he was in the nine second bracket in each Round he didn't worry his best lap time set at the same meeting.

Previous Group C winner (the only Group to have three different winners on the night) **Richard Booth** matched his Round 31 finish with 11th but with an extra lap this time. **Daniel Kalyan** had his best run of the year in Round 33 taking his very first Group win in 18 starts, the D. Finishing overall in 12th he yet again set a new a PB on the night. When he arrived his best finish had been 16th. He upped that to 15th in Round 32 and then beat that by another three places here. He also set his first sub 10 second lap, which was the ninth quickest of the Round, beating his PB of 12th on 16Aug22. To say he was euphoric at the end of the race was an understatement, we had never seen such emotion and it really must set him up for even bigger and better results in 2023.

JJ Hughes-Dowd matched his Round 31 finish with 13th again, equalling his own PB. He also set his fastest lap at Fuji which placed him in 13th on the all-time Fuji lap time chart. **Jag Kalyan** was so pleased with son Daniel's result, coming in second to him in Group D, all three Group wins belonging to the Kalyan's. He was only 0.1 laps down on JJ.

Stuart Gray set his second best number of laps on the night here as well as his second best finish with 15th. He held off **Dan Hughes-Dowd**, with a similar Porsche 935, by 0.8 laps who in turn held off no less than three Group B racers! The gap to **Liam Smith's** Lambo was also 0.8 laps while **Lewis Blacker** (Page 30) was distraught in 18th. Being well on his way to an 80+ lap score his rear wheel left its home yet again after 63.7 laps. Could this have been his first win? He will now have to wait until 2023 for that first victory.

JT Hughes-Dowd needed to record a further 4.1 laps to equal his 19th placed finish in Round 32 of his first Evening and set his first sub 11 second lap time. **Jono Johnson** set another PB in Qualifying, having gone from 15th to 12th in Round 32 he improved to 11th here. However having to change to his own Ferrari (Nick's motor had blown) for the last race, without brakes, he dropped from a best of 15th at the start of the night to 20th here.

Like in Round 31 **Simon Rankin** finished in 21st albeit two laps further down the road. He held off one time Member **JD Hughes-Dowd** by 0.5 laps while **Macaully Dutson's** Lambo again, unfortunately, failed on him, even with the new motor! Dean kindly took it home afterwards to take a look.

Lewis thought he had fixed his rear wheel and was on for another podium finish until on lap 64 it all came apart again!

Rules & Regulations

Issue 2 – 25Aug22

1.0 Club Night

Three evenings run on the same circuit, four circuits during the year.

1.1 Qualifying Round (Club Night) 1 at a new circuit - One flying lap at the Test Night preceding the first Club Night at a track. Those who miss Qualifying get an NT (No Time) and go to the foot of the table. However Groups for the three Rounds on the first evening on a new circuit are set based on Ranking.

Round 2 – Best lap from either Qualifying or Round 1.

Round 3 – Best lap from either Round 1 or Round 2

Round 4 (Different night) – Best lap from either Round 2 or Round 3, which also sets the Groups for the three Rounds on that night.

1.2 Race

15 minutes with 6 cars per race, with a minimum of two races for all competitors on the night (Depending on the number of competitors) Anyone can win overall from any Group, the winner recording the most laps plus tenths. Competitors on the same lap and tenth will get the same points.

Note: If a competitor arrives after the first Round of races have begun, they will have to wait for the Round to finish if there is no gap in the remaining Groups.

1.3 Points

Points will be awarded down to 24th place for each Round as shown below with additional points awarded for the top five Fastest Laps. 65% of the Rounds run will count towards to the Championship so if a racer competes in all Rounds their best 65% of points will count.

There will also be a Championship based on Group Points with the same points awarded to A, B, C and D Groups, six down to one. All points to count.

2.0 Cars

Carrera GT2, GT3 and GTE Racing Cars

2.1 Bodies No modification or floating body screws (latter to be reviewed at 2022 AGM)

2.2 Lights Must be working. Older Evolution cars do not contain lights as standard so chipped lights would need to be fitted.

2.3 Aerials/Mirrors Can be removed

2.4 Rear Wings Must be fitted at the beginning of the meeting. If they break off and can't be refitted, then the uprights must be replaced with rubber and fitted for the next meeting.

2.5 Chassis No modifications

2.6 Axles

2.6.1 Front Either standard Carrera or complete axle supplied by DHORC.

2.6.2 Rear Either standard Carrera or the following Slot.it Rear Axle Kit Pt No KK07C - 28t Inline Crown with 17.3x9.75mm hubs.

As some cars require different size hubs it was agreed that the following parts, to make up the rear axle, could be bought separately if need be: -

Aluminium Hubs 17.3x9.75x1.5	W1730975A
Crown Gear 28Tooth Inline	GI28-Bz
Bronze Bearings x2	PA-68
Axle 54mm x1	PA01-54
Wheel Hub Spacers 1mm x 2	PA-51
Alternative thinner Hubs 17.3x8.2x1.5	W17308215A

2.7 Front Magnet Must be removed

2.8 Tyres Rear, standard or supplied by DHORC. Front, standard and must touch the track and rotate when the car is running. Both can be reprofiled.

2.9 Minimum Height A minimum height between the base of the rear magnet holder and the provided Technical Plate agreed at **1mm**. This is because the rear magnet holders on different cars are closer to the track, giving better road holding. We want all cars to have the same level of road holding, so we can make all cars competitive.

3.0 Driving & Racing Standards (Based on The Digital Slot Car Association Rules)

- 3.1. Any car on the circuit must be compliant with the GT rules.
- 3.2. Any indiscretion against stated regulations will be punishable by penalty (to be agreed).
- 3.3. When lapping a slower car, it is the responsibility of the faster car to change lanes and perform an overtake. Lapped cars should remain in their current lane until the faster car has passed.
 - 3.3.1. Intentionally blocking of a faster car when lapping is illegal
 - 3.3.2. Intentionally blocking a car fighting for position on the same lap is allowed
- 3.4. Contact from cars racing on the same lane, in proximity, is to be expected. Intentional or excessive contact is not allowed. Penalties (to be agreed) will be issued in the following circumstances: -
 - 3.4.1. Intentional or excessive contact with another car
 - 3.4.2. De-slotting another car by driving into the back of it
 - 3.4.3. Intentionally stopping on the circuit
 - 3.4.4. Excessive blocking by changing lanes when being lapped
- 3.5. Illegal contact may be reported by any participant of the meeting
- 3.6. Cars may be requested to pit for attention under the following circumstances: -
 - 3.6.1. Any functional or mechanical part of the car has become completely detached from the car
 - 3.6.2. A wing or spoiler becomes broken, completely detached from the body, or it is clear to the official at race control that when viewing the car from their normal position, that it is damaged
 - 3.6.3. The required number of headlights/taillights are not working
 - 3.6.4. A car is otherwise causing a hazard that may damage the circuit or other cars on the circuit
- 3.7. If any session is paused (red flagged), the following restrictions apply: -
 - 3.7.1. Cars must not be removed from the track, where they have come to stop
 - 3.7.2. Any car in the pit at the time of the red flag must have no further work completed on it until the session is resumed
 - 3.7.3. Drivers may leave their station only under the direction of race control
- 3.8. During Parc Ferme conditions, cars may only be worked on under the supervision of an official
- 3.9. Slow or malfunctioning cars should move to the inside lane (or lane nearest to the pit) and pit as soon as possible. Race control should be notified that there is a slow car on circuit so other drivers may be warned

Circuit History

The **Autodromo Internazionale Enzo e Dino Ferrari**, better known as **Imola**, is a 4.909 km (3.050 mi) motor racing circuit in the town of Imola, in the Emilia-Romagna region of Italy, 40 km (25 mi) east of Bologna. It is one of the few major international circuits to run in an anti-clockwise direction. The circuit is named after Ferrari's late founder, Enzo Ferrari (1898–1988), and his son, Alfredo "Dino" Ferrari (1932–1956). Before Enzo's death, it was called Autodromo Dino Ferrari. The circuit has an FIA Grade One licence.

Imola was the venue for the San Marino Grand Prix between 1981 and 2006. During this period, two Grands Prix were held in Italy every year, with the Italian Grand Prix taking place at Monza, so the Imola race was named after the nearby state. Imola also hosted the 1980 Italian Grand Prix in place of Monza. When Formula One visits Imola, it is seen as the home circuit of Scuderia Ferrari, and masses of supporters come out to support the local team.

The venue returned to the Formula One calendar during the 2020 season to help the sport fill calendar gaps caused by cancellations of other races due to the COVID-19 pandemic, with the race at the circuit being named the Emilia Romagna Grand Prix in honour of the region where the circuit is located. This also meant the venue hosted a World Championship race under a third different name having hosted the 1980 Italian Grand Prix and the San Marino Grand Prix from 1981 to 2006. In March 2022 Liberty Media signed a contract with the circuit to make it a permanent entry on the main calendar until at least 2025.
