Part 1

Three wins and two mags! Congratulations to **Simon Goodlip** for winning all three Club Nights on Tuesday night at the first running of Paul Ricard. Congrats also to JJ Hughes-Dowd, John Lamb and Martin Thorpe for winning all three Group wins and to Richard Booth, Tom Gray and Jono Johnson for taking a Group C win a piece. As you will see on Page 18 Richard has also made the most improvement regarding Ranking score this year – nice one Richard.

With so much going on since our last Evening in February we have had to produce this Magazine in two parts as it is too large to PDF as one! That is the first time we have had to do this.

That “so much going on” included CPR & defibrillator training, the DiSCA 3-hour Sebring race and the Paul Ricard Test. We also have so much more going on in the future with Carrera Digital as covered in these pages. It is incredible to think that two years ago we hadn't even started thinking of the possibility of running Carrera Digital. And when we did start to think about it and ring round to promote the idea some of the current avid racers weren't so sure it would work. We all made it work! Hope you enjoy the mag, see you on 28Mar23 for Paul Ricard deuxième partie.

2. Free NHS CPR & defibrillator training – 28Feb23

Thank you so much to **Alyson Whitaker** for running the two CPR sessions alongside **Kieran Pallett**. A number of unknowns were cleared up for many of us and everyone took part in learning CPR and how to use a Defibrillator.

We had five representing DHORC, **Laura Edwards, Stuart Gray, Darryn Mutch, Phil Rees** and **Nick Sismey** amongst the six of the eight DL&EV sections represented. Phil even received an Ambulance “stress ball (?)” for his knowledge on the subject so we are all in safe hands!

Alyson and Kieran would be happy to arrange further sessions if anyone is interested. Alyson’s contact details are alyson.whitaker@emas.nhs.uk and 07966 381333.

Below is a quick Life-saving reminder. Also, the Staying Alive and What3Words Apps below are very useful to have on your phones, Staying Alive pinpoints any Defibrillators near you and What3Words gives your position to within a 3 metre square, used by the emergency services.

Life-saving reminder

Thank you for coming to the session.

The following is a reminder of the basics and a link to more detailed reminders. Keep this safe and **read it once a month** as a reminder.

Danger	Be aware, make sure you are safe.
Shout	Shout and get help if you can.
Response	Shake and shout, tap the collarbone. Are they responding?
Breathing	10 seconds assessment. Is there rise and fall of the chest?
999	Make sure the ambulance service is aware.
CPR	Centre of the chest, 100-120 beats a minute, 1/3 rd of the depth. Keep going.

Some websites to remind you:

Using a Defibrillator

- Turn it on/Open the lid.

- "Remove clothing to reveal the patient's bare chest"

- Deal with chest hair, water, jewellery, Bras, patches and so on.

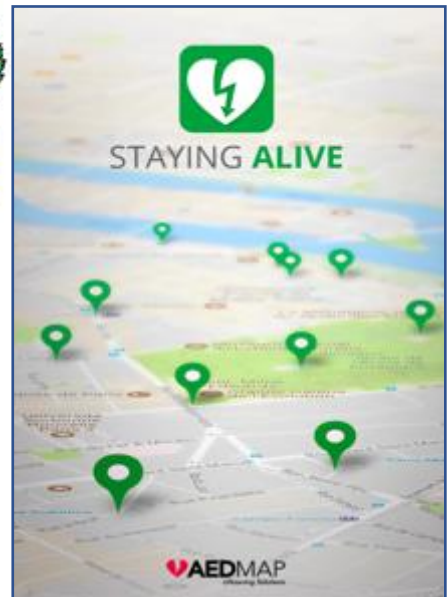

- "Place the pads on the patient's chest as shown in the pictures"

- "Stand clear Analysing"

- "Stand clear Shock advised push button now" make sure that no-one is touching the patient.

- "no shock advised"

- Whether delivered a shock or not-start CPR as soon as possible.

4. Thanks for managing our broken track situation!

Thanks all for acting so quickly in order to do our best to prevent further breakages of our track like the one below, showing the broken tabs. Thanks to **Richard Booth** for coming up with the idea of just five people taking the track down. And thanks to him, **Lewis Blacker**, **Tom Gray**, **Martin Thorpe** and **Steve White** for taking on the responsibility of taking the track down. **Phil Rees** has since fixed the broken track, thank you Phil. Let's hope we don't have many more for him to fix.

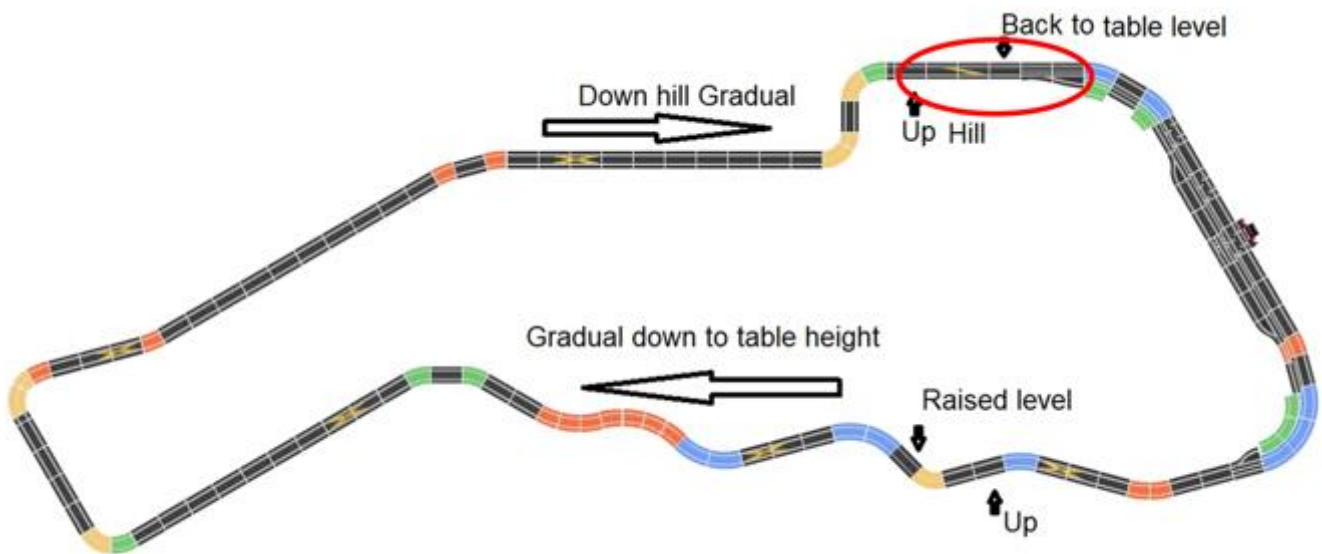

5. Road Atlanta topography coming together.

Phil Rees has been busy working on the elevations for our new Road Atlanta circuit ready for the Test on 18Apr23.

The red circle below show which part of the track this represents. It will include a lane change to ensure cars are on the correct lane for the pit lane entry which comes just after the incline.

It is certainly going to add something new to the Carrera Digital races!

6. DiSCA Oxigen 10th Le Mans 24-hours – 01/02Apr23

Gary Skipp runs his 10th DiSCA Oxigen Digital Le Mans 24 hour race over the weekend of 01/02Apr23 in the Derby Leisure & Events Venue Sports Hall. The previous home for our 27 DHORC Le Mans races. Three of our Members, **John Lamb**, **Martin Thorpe** and **Steve White** will be racing in two of the 13 teams entered for the event. If you get chance pop in to see how they are getting. At night they switch the lights off, now that is a sight to see, with the car lights lighting up the track!

7. Le Mans Challenge, Test 02Jun23, Races 03Jun23

Friday 03Jun23 marked three months until we celebrate Le Mans' 100th Anniversary with our first running of our 132' Le Mans circuit.

Below are the Race Groups (pre the first Paul Ricard Evening), based on current Rankings, together with four guest drivers, completing our maximum 30 car grid.

Each Round will be the usual Championship 15-minute race, where anyone can win overall from any Group.

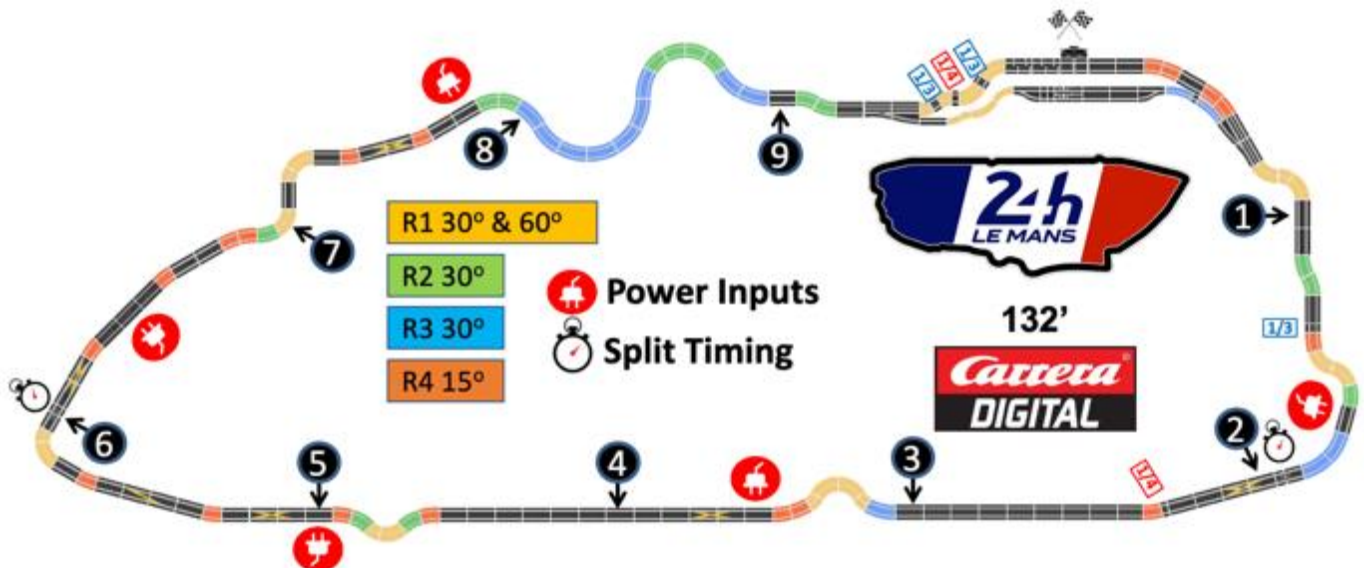

We will agree with all on the day just how many Rounds we can run. If we start with the full grid shown below then we can probably only run five Rounds.

The track will be set up on the Friday with testing available to all that night.

8. Historical Monza circuit including banked oval.

Something we are looking at towards the end of the year, once most of the season is complete, is to run a Test Night on this 184'3" Monza circuit. It is a combination of the current F1 Monza circuit, including the chicanes, and the banking last used at the actual circuit in 1969, for the 1000 kilometres of Monza for Sports Cars. As you can see below it fits well within the area of the Table Tennis Room we use.

Half way through the evening we will then change to just running on the 67'1" oval. It is purely an experimental evening which we will run before the AGM evening so we can discuss whether we introduce such an evening into the 2024 Championship.

9. Swap Road Atlanta Test & Paul Ricard (Evening 4)

As suggested by **Angus Smith**, and agreed by all, we have swapped the Road Atlanta Test Night on 28Mar23 with the Paul Ricard (Evening 4) on 18Apr23.

10.A big thank you to Mark Stephenson

Back in 1990 I worked on my first Customer Conference for Rolls-Royce where I spent a great deal of time with the Rolls-Royce Print Room preparing vu-foils (you have to be around 60 like me to remember those!) and other paperwork for the Conferences. Over the next three or four years I managed several more Conferences building up a great relationship with the Print Room. When we started DHORC in 1992 I was able to use that relationship to get our Magazines etc printed. The Print Room was eventually taken over by a company called Oce, followed a few years later by Canon.

Luckily they retained the Rolls-Royce staff, which included **Mark Stephenson**, who joined Rolls-Royce in 2007. Mark soon became my go to guy for all things DHORC and he helped us with so many printing requirements like magazines, posters, leaflets, track and table plans etc. Unfortunately Canon are moving from Derby to Rolls-Royce Ansty and Mark has decided not to make the long daily drive there. Therefore he leaves Canon on 10Mar23.

To thank him for all of his support (mostly free) we presented him with £50 on Tuesday. He is moving to another print firm and is going to purchase an A3 printer where he will be able to provide us with track/table plans going forward. We will just purchase the occasional print cartridge for him.

11.New 125% Fuel lap time for 2nd Paul Ricard race.

Based on the average lap time of the sixth fastest racer in each round on Tuesday plus 0.2 seconds the new 125% fuel lap time for the 28Mar23 Paul Ricard Evening is set at 11.100 seconds.

125% Fuel Lap Time Paul Ricard

13. Ranking update, Richard Booth leads improvements.

The following pages show all current Members' Ranking after Round 9, the end of the first quarter of 2023. **Simon Goodlip** moves into the top spot for the first time thanks to his six wins. However **Richard Booth** has made the biggest improvement since the end of 2022 with a 3.778 rank decrease. He now sits in 13th from 20th after the last race of 2022. Congrats Richard.

Overview

Thanks to the 19 Members who ran at our Paul Ricard Test Night, a track totally different to Imola, with some very fast straights and corners.

Thank you so much to **John Lamb, Jono Johnson, Phil Rees, Angus Smith, Nick Sismey** and **John Yates** for helping to set up. Although, at 133' in length it is 2' 9" shorter than Sakhir, it was by far the longest track as far as space required to build it in. We had to move the "Box of Death", holding all of the Le Mans' 8' straights, through 90 degrees (and that took some doing with the weight it is!) as well as take all 12 of the Le Mans' driver stand metal pieces to the skip outside to give us room for Paul Ricard. An incredible job by all involved – thanks again.

Just 15 minutes before we were due to start the 18:00 hour Test session Phil found out that, as his Tablet had upgraded its software, the SmartRace App would not talk to the track. To cut a long story short he finally decided to totally reload the SmartRace App and by 18:30 hours we were up and running. There were certainly some anxious moments during that 45 mins, I'll tell you! Thanks for sorting Phil.

Thanks again to Angus for again managing Scrutineering and to Phil and **Lewis Blacker** for running Race Control.

Thanks also to **Richard Booth** for suggesting only five people should disassemble the track to prevent any more breakages like the one to the double lane changer, and thanks to Richard, Lewis, **Tom Gray, Martin Thorpe** and **Steve White** for agreeing to being those five people. It worked very well, with everyone else managing other parts of the strip down. Thanks All.

We will have to move where Phil puts all the track back in the boxes next time as it was in front of all the chairs we needed to move. It took Lewis, Phil and I another 15 minutes to get the room back to how we found it after everyone else left.

Congratulations to **Simon Goodlip** for setting the most laps, the fastest lap as well as Pole position.

Finally welcome to a friend of **Jag Kalyan's, Max Farnsworth** who attended tonight as a marshal. When he retires at the end of the year he is looking to join us, as he is a long distance lorry driver so normally away. We have added him to the E-mail and WhatsApp circ.

Oh and most importantly thank you to **Sophie Aisthorpe** for the delicious cakes on Tuesday night, which many of us enjoyed!

The stats for the evening follows, together with just a few photos of another great evening at DHORC!
