Editorial 041

A record 30 racers on the grid at Mugello was a fantastic start to the 2025 season, our fourth year of Carrera Digital racing. This included two new Members **Scott Bradley** and **Adi Rowland**, while we also have a 34th fully paid up Member **James Bowles** waiting in the wings to join us at the Monza weekend. Since moving to GNC at the beginning of December we have picked up these three CD Members and four HO Members with a potential two more HO Members coming along to the Interlagos Club Night on 28Jan25. We only need two more CD Members and five more HO Members then we will have to start a waiting list! A nice problem to have!

I simply have to congratulate **Stuart Gray** first amongst all of the successes on Tuesday night. He has done so much for the club and to see him take his first outright

win in any category, in either HO or CD, in the all new NASCAR Cup was something to behold. Nice one Stuart!

Congratulations also of course to **Victor de Oliveira** for totally dominating the first Evening of the year and to all of our Group winners: **Richard Booth (1) Chris Cooper (2), Dave Edwards (1), Jag Kalyan (1) Reuben Litherland (3), Phil Rees (1), Liam Smith (1) Andrew Staniec (1), Martin Thorpe (1), Jenson Woodhouse (1)**

Next stop is indeed Monza, our first racing event up on the Mezzanine. Really looking forward to this. The track is actually staying up through Sunday as well as Great Northern Classics are running an Italian Day on the 09Feb25.

2. Welcome to new Members Scott and Adi

It was fantastic to have not one, but two new Members join us at the Mugello Test on Tuesday. Both discovered DHORC when they ran on our Gazebo track at the Great Northern Classics' Mince Pie's and Motors event on 30Dec24. **Adi Rowland** (sat) only had one go but had some long chats with us while **Scott Bradley** nearly had 20 goes (thank you Scott!) and broke the laps record in 2-minutes.

Lucky for us they both decided to join the Carrera Digital side of the Club very soon after, bought cars and went round **Phil Rees'** for a test before joining us on Tuesday. Welcome both.

3. Other Member machinations

Thanks to our new Executive Marketing Director **Terry Mullen**, **Roger Brown** (below left) from Northampton, who comes up to visit his son and friend in Derby, and **David Ford** from Long Eaton, both had a full overview about what our Carrera Digital racing is all about. Hopefully at least one of them will decided to join us. **Stop Press:** *David has decided not to join us at present.*

It was great to see **John Yates** (below left) back at DHORC for the first time since Jan'24. Just like old times with him helping us to set up. Unfortunately after the Test Night he decided to stand down from the club again for his own reasons. A shame, we will miss him. The good news however was that this opened up a new position and a friend of Jag's, **James Bowles** (bottom far right and no relation of HO racer Chris Bowles), has already taken that position up. **Jag Kalyan** has now introduced four new Members to DHORC-CD. Thanks Jag, you are becoming prolific in this area!

5. Test of Oxigen lap counting on Carrera track

We spent a couple of hours in the Conference Room on the Saturday morning between the two Carrera Digital Mugello events trying to find out why there are lap counting issues with the Oxigen system we use for the two Endurance Races we run each year.

Gary Skipp came over from Birmingham and was joined by **Phil Rees**, **Martin Thorpe**, **Steve White** (together with his wife Caroline and grandson Frankie) and I. We only ran a small track but everything, frustratingly, ran perfectly so we were no closer to working out why there are problems on race day. We are yet to confirm whether there will be any of these types of races this year.

6. GNC Tenant Monthly Meeting

I attended our first Great Northern Classics Tenant Monthly Meeting via Teams on Monday 20Jan25. It went very well and we were introduced to their new Events and Communication Coordinator **Alex Downs** and new Café Manager **Satnam Chahal**. Alex is already making a difference and we have been working together to promote things and Sat will be opening the newly named TramShed Café on a Tuesday night. Menu to follow.

7. Darryn is back!

It was great to have **Darryn Mutch** back on Tuesday helping us build the Mugello track.

8. *Last minute practice*

Adi Rowland nipped round to Terry Mullen's on Tuesday afternoon to have some last minute practice on Terry's track.

9. Camera car

Dan Hughes-Dowd continues to work on a camera car. The McLaren shown here, driven by **JT Hughes-Dowd**, made a few laps of Mugello but unfortunately the camera didn't come to the party. Another one is on order.

10. Possible new HO Members

Antony & Zac Brazell visited us on Tuesday night based on a recommendation from former Member **Matt Tansley**, who last raced with us way back on 06Oct98. Hopefully they will both attend the Interlagos meeting on 28Jan25 and be hooked!

11. John and Lucky visit DHORC-CD

Former member **John Litherland** (Reuben's dad) brought along friend **Lucky** on Tuesday night to see what we are all about. Lucky is passionate about F1.

Overview

2025 started on 14th Jan with a Test Night on our all new 135'4" Mugello GP circuit. We had taken 12 straights out to make it fit better in the room and later made the decision not to run the smaller Short Course Sprint Race track as it would have been too short for six cars. In fact we then went one step further and decided to scrap the idea of running shorter Sprint Tracks, but to run Sprint Races on the full tracks. It will save so much time with up to 30 on the grid.

And it was an amazing 30 racers on the grid on Tuesday, including new Members **Scott Bradley** and **Adi Rowland** who clearly thoroughly enjoyed themselves. **John Yates** also returned for the for the first time since Jan'24 to set up and Test, however, unfortunately this will be his only involvement with the club this year. We did have four other folk viewing what we were doing and since that night we are pleased to confirm that a friend of **Jag Kalyan's**, **James Bowles** has joined us.

Victor de Oliveira took top honours with all three categories including Pole from **Simon Goodlip** and **Angus Smith**. However Angus won't actually take third on the grid as he is away for the first race. It was the first time we had run 5-minute Qualifying, and it worked well.

Victor won all three Club Nights and became the first Member to have a lap taken off his score in Round 2, to the new rules. Here cleaning tyres before a 5-minute Sprint Race.

Victor starts as he means to go on!

Victor de Oliveira had the perfect start to his 2025 campaign with a maximum 45 points haul at the all new Mugello GP circuit, which saw us surpass the 200,000 laps mark since we began the Carrera Digital side of the club in Jan'22. This compares to 1.7M laps in HO!

Victor recorded his 23rd career pole in what was the largest grid in CD history, 30, beating the 29 at Interlagos on 13Feb24. He was the only one to dip into the eights in Qualifying on 14Jan25. His 24th victory was by 3.6 laps from **Lewis Blacker** who is still seeking that elusive fifth win, his last at the same meeting in 2024. **Phil Rees'** reward of totally revamping all of the track kerbing over the festive period was a third place finish, another 3.7 laps back, as well as the Group B win. Victor also set his 27th fastest lap giving him the maximum points haul.

Chris Cooper made it two "de Oliveira" cars in the top four closing the gap to 0.9 laps this time while **Tom Gray** reduced it to the smallest margin of a 0.1 lap deficit in fifth. There were certainly a variety of cars in the top five and a variety of Groups as Chris also won the C. He was rather chuffed.

Reigning and double Champion **Simon Goodlip** was another 0.4 laps behind Tom, admitting he had too many offs. He was only 0.228 seconds slower than Victor with his fastest lap time, which proved he was in touch. **Liam Smith** clearly liked Mugello after qualifying fifth and only dropped a couple of places from his grid position to take seventh, 0.3 behind Simon. Another reigning Champion **Richard Booth**, our 2024 Group Challenge winner, started the defence of his title by winning Group D. However he would only start with 6 points being in D1 whereas Phil took 10 points home from B5 and winning that Group.

Simon did a great job taking charge of Scrutineering and Parc Ferme. Thanks Simon

Dean Garbett and **Nick Sismey's** Porsches almost shared 9th but for a tenth of a lap separating them with **Jenson Woodhouse's** Iron Dames Ferrari, at a track owned by Ferrari (I thought it was owned by DHORC!) snapping at their German heels, only half a lap down the road at the flag in 11th. **Macaully Dutson** broke away from tenth into gathering and results updating to take his McLaren to 12th as he led a train of six cars in the 66 lap bracket!

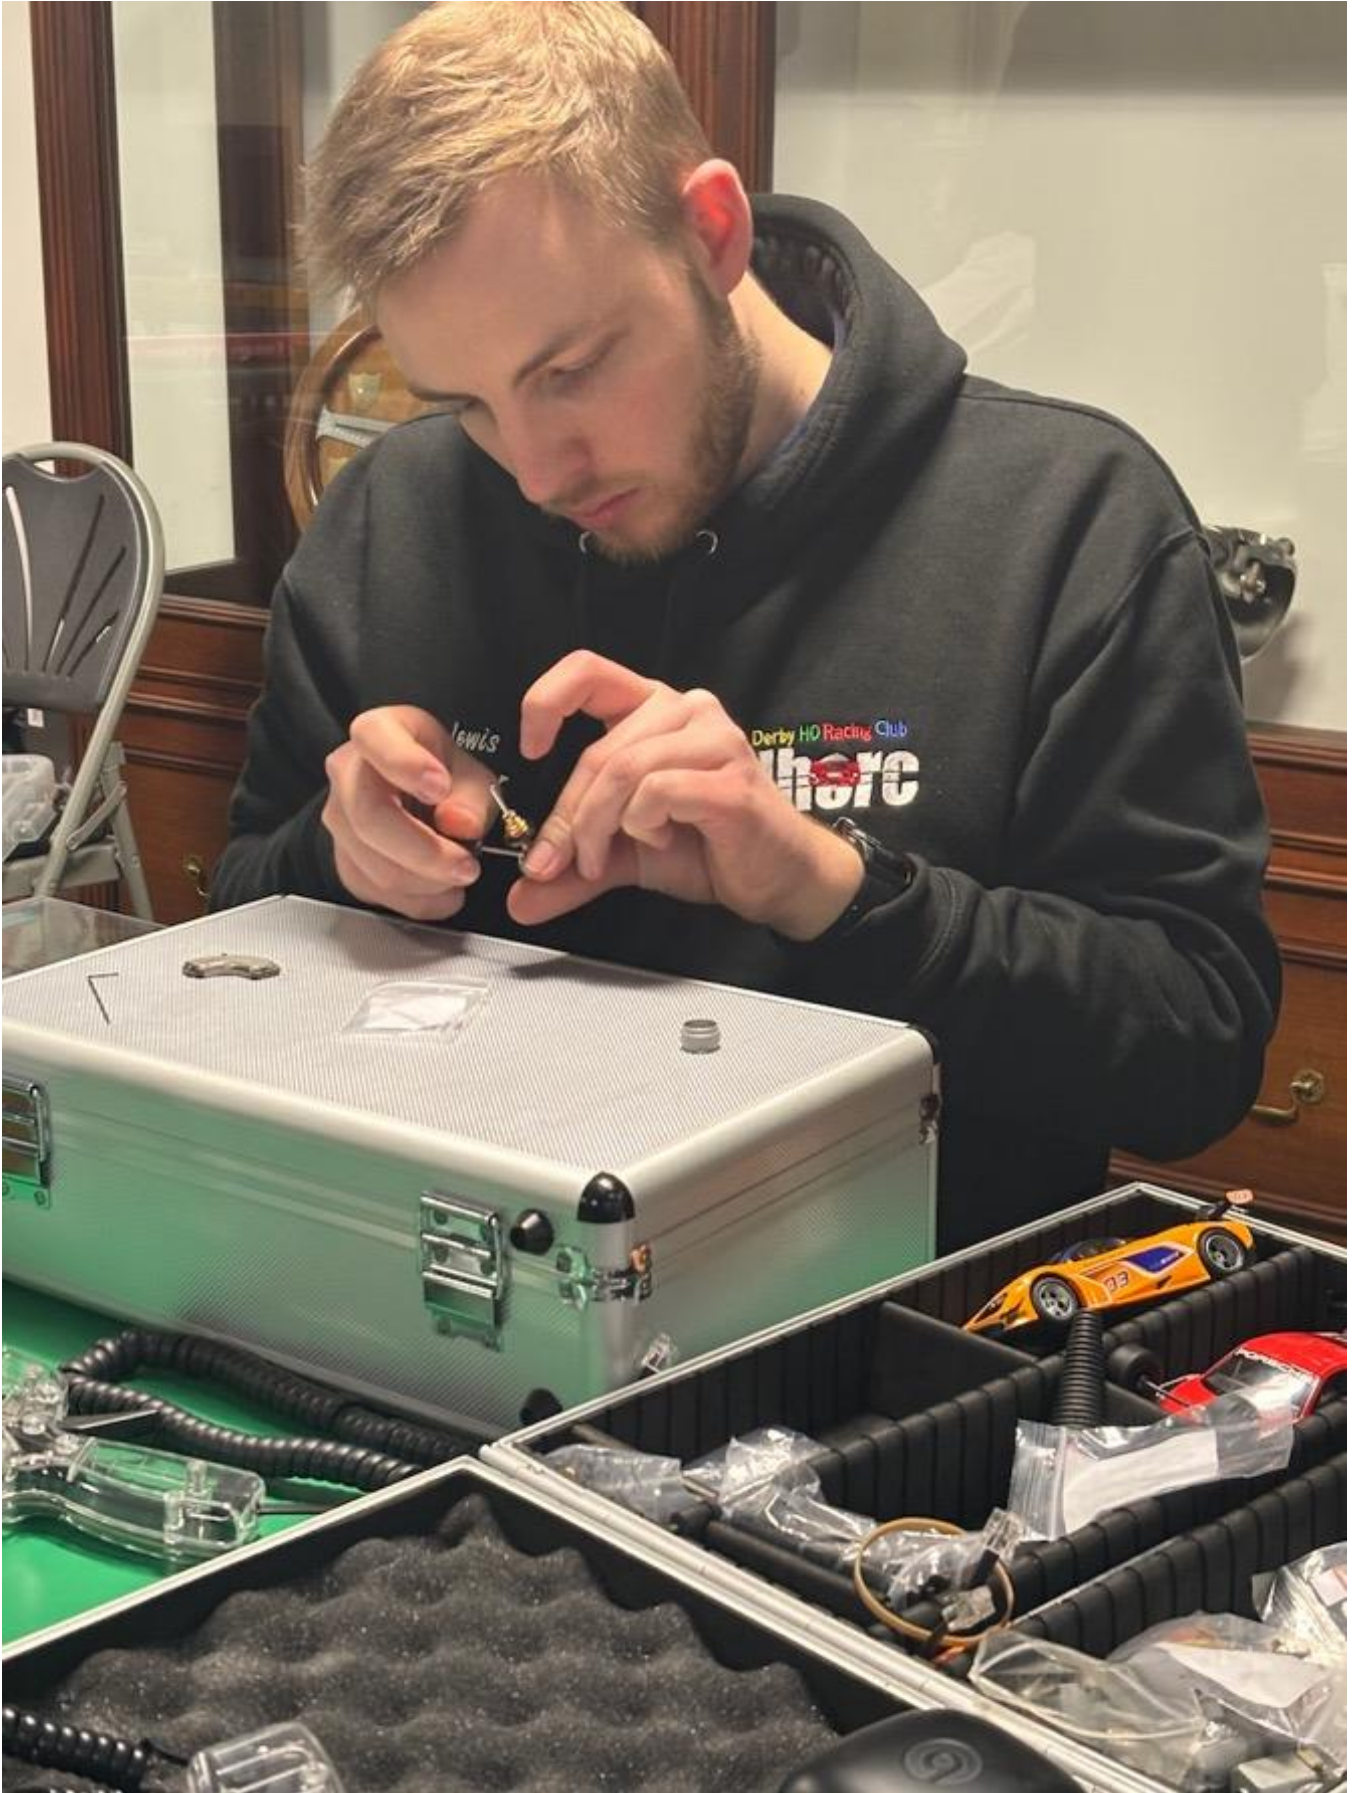

While half a lap covered down to 13th placed **Dave Edwards**, only 0.2 laps covered Dave down to **Terry Mullen** and **Reuben Litherland** both in 16th with Reuben setting his PB finish and first career Group win, the E, his Audi R8 on song and matching Terry's Iron Dames Ferrari. In between Dave and these two, a tenth further up the road in joint 14th was **Jag Kalyan** and **Andrew Woodhouse** again running an R8 and a Ferrari. Incredible how close the middle order are!

JT Hughes-Dowd was very happy with his tenth of a lap win over dad **Dan Hughes-Dowd** as they fought over 18th with **Andrew Staniec** bringing his Ford GT into play double that distance behind in 20th. And we still had 10 racers to report on in this record field. The first of those ten was **Stuart Gray** ready to get 2025 off to a good start. While 21st was acceptable he would have to wait until the 5-minute Sprint Race at the end of the night for things to really come good! While he was 0.4 laps behind 70+ Group Challenge fellow competitor Andrew, **Daniel Kalyan** was 0.3 laps behind Stuart with his R8 in 22nd.

Lee Pateman is still developing his car but wouldn't be the lowest Group B finisher as he took 23rd. **Scott Bradley** and **Adi Rowland** had a great baptism to their first Club Night at DHORC-CD by matching each other's scores in 24th. It has been a world wind introduction to DHORC for them since they had a go on our HO Gazebo track on 30Dec24. They have both been to Phil's man cave to learn about Carrera Digital, bought cars, completed the Test last week and started their first Club Night here. They certainly handled themselves very well considering the short time they had to get up to speed.

Colin Bacon only started with us back in November and is already become part of the furniture as he followed Scott's identical Porsche and Adi's Carrera sponsored Ferrari in, a lap in arrears. Group A racer and Pole sitter at the Luanda Royal in December **Steve White** couldn't get his Porsche 911 going here and neither could Group B racer **Martin Thorpe** as they found themselves in 27th and 30th places. Martin was the first DHORC-CD racer ever to finish in 30th. While Steve picked up a point Martin didn't as 27th was the last points paying position. In between these two were **Simon Rankin** in 28th with his yellow Lambo and **Laura Edwards** in 29th with her white BMW. Luckily for Laura it was Martin who would take home the first Wooden Spoon of the year!

Race Report

Mugello GP

Round 02

21st January 2025

Dave was very proud of his new McLaren which took him to a career best 4th in Round 2. Laura blocked from marshalling by an intruder!

Victor takes win despite lap deduction!

Victor de Oliveira made history in Round 2 of the 2025 DHORC Carrera Digital Championship by becoming the first racer to run with a 1-lap penalty going into a race. As agreed at the 2024 AGM a win now carries a 1-lap penalty for the subsequent race. This didn't deter Victor in anyway as he still took victory by 2.7 laps, which would have been 3.7 laps, taking his 25th win after his 24th Pole. He also took his 28th fastest lap. He now holds the fastest lap at Mugello from Qualifying on 14Jan25 and the most race laps from Round 1 which was 0.7 laps more than the actual laps he scored here. Even though we take a lap off, the actual score would count towards any track record. Victor now has a 2-Lap penalty going into the first Monza race on 07Feb25.

Probably the biggest story of the night however was that of one **Reuben Litherland**! Our former double Junior HO Champion took an incredible second place finish in only his fourth Carrera start and only his second race with his own Audi R8, chasing down Victor's Corvette! Running in Group E he had to wait for another hour of racing as the four other Groups ran their laps. You could see him watching the big screen intently urging fellow racers not to beat his score! He knew it was a good score! Only Victor was able to usurp his score. What a result!

Martin Thorpe made a big recovery after car problems saw him become the first Member to take 30th place in the first race of the Evening. He jumped 27 places to third even though he only set the 23rd fastest lap. Martin is getting some terrific results through tactics and staying on the black stuff more than most! This meant three Group winners on the Podium, not sure that has happened before!

Incredibly **Dave Edwards** made it four Group winners in the top four with his best ever finish, beating his previous best of 5th at only our eighth Carrera Digital Club Night on 22Mar22 at Sebring. His eight points for winning Group C put him in good stead for the Group Challenge, equalling the most points taken in this Round. He also beat his PB 7th fastest lap at the same event in 2022 with 4th here. He was followed home by two Group A racers, both former winners, **Tom Gray** 0.5 laps back and **Simon Goodlip** 0.4 laps behind Tom. This year the order is really being thrown about with five different Podium sitters in the first two races. Simon however takes second in the Championship behind Victor with Tom in third.

Steve took third in the Sprint Race, Martin third in Round 02

Nick Sismey recorded his best result of the Evening with seventh as his Gulf Porsche was virtually flat everywhere. A new motor required for Monza! **Steve White** made a big improvement like his friend Martin, jumping 19 places to eighth, his Porsche only 0.3 laps behind Nick's. **Chris Cooper** actually dropped five places to ninth, a tenth behind Steve, but his big result was yet to come! However even in this race Chris beat a PB with the 5th fastest lap, beating his 6th at Sebring on 22Mar22.

Three places lower than his finishing place in Round 1 was **Liam Smith** but he was still very much enjoying the Italian track as he rounded out the top ten. **Terry Mullen** on the other hand improved six places to join Liam in tenth and broke his own PB of 11th on 08Jun24 at Le Mans. A lap back was **Phil Rees**, the third straight racer to record 4 Group points. **Jag Kalyan** in 13th was the final Group winner, the D, showing just how close the field is at present. **Richard Booth** followed his fellow D racer Jag home, 0.6 laps back while **Dean Garbett** saw out the first half of the grid in 15th another three tenths behind.

Both **Lewis Blacker** and **Andrew Staniec** led home the second half of the field, just a tenth behind Dean, in 16th on 68.4 laps a piece while it was **Dan Hughes-Dowd's** turn to take back the family silver in 18th half a lap back. **Stuart Gray** was looking forward to running his NASCAR in the next race, however he had to settle for 19th here with his Ferrari 1.3 laps in arrears. He was however 0.3 laps ahead of **Jenson Woodhouse** who would have his best result of the night in the 5-minute Sprint Race to come.

Macaully Dutton's McLaren was still quick, one of only eight racers to dip below ten seconds, however he dropped nine places despite the much quicker lap. In 22nd was **Scott Bradley's** Gulf Porsche 911, one of three on the grid. This was a two place improvement with an extra 3.9 laps in the record books. **Lee Pateman** was still wrestling with his car's handling as he took 23rd, 0.8 laps back while the third and final Gulf Porsche in the hands of **Connor Bacon** was in 24th.

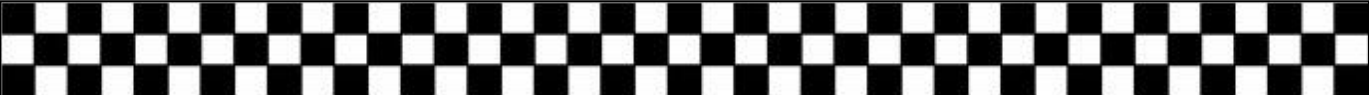

Andrew Woodhouse was again beaten by son Jenson in his similar Ferrari, five places between them, compared to the three in Round 1, while another 0.6 laps saw **Adi Rowland** bring his Ferrari home in 26th. **Simon Rankin** was the last of the point scorers this time in 27th with a gap of 0.3 laps to **Laura Edwards**. **Daniel Kalyan** didn't have quite as good a ride as in Round 1 while **JT Hughes-Dowd** took the turn of Wooden Spoon winner in 30th.

Connor brought along his cousin Reece again on Tuesday

Richard Booth won Group D in Round 01

Race Report

Mugello GP

Round 03

21st January 2025

Jenson was so pleased to win Group D in the Sprint Race.

Victor's clean sweep of Mugello

Victor de Oliveira made it a clean sweep of the Mugello Evening by also winning the 5-minute Sprint Race. As agreed at the AGM if we had 25-30 racers on an Evening we would run 2x15-minute Endurance Races and a 1x5 minute Sprint Race. This was that Sprint Race, which has, new for 2025, its own Sprint Championship. And combined with that is a NASCAR Championship for those who wish to run NASCARs in the Sprint Races of which four did on Tuesday. See the report later.

From his 25th Pole Victor notched up his 26th win and like both of the previous Rounds he took home maximum points with his 29th fastest lap, although only half points are awarded for this shorter race. While Reuben was making headlines in the last Round it was our every cheerful **Chris Cooper** who had the reporters feverously at work trying to meet their deadlines reporting on his first career second place finish and the Group C win. His last visit to the podium was when he had taken third at Daytona on 23Aug22. What with second here and setting the 3rd fastest lap (beating his PB of 5th in the previous Round) who knows what heights Chris will climb to at Monza! His Group point total takes him to the top of the Group Challenge. **Steve White** was back where he belonged on the podium just 0.3 laps behind Chris. Seven racers in nine Podium positions on the night, that must be a record!

Liam Smith is really on a role at the moment loving Carrera Digital. After a 7th and a 10th in the Endurance races he finished the night off with a 4th here finishing on the same lap as Steve but three tenths back. This also gave him his first Group win of the year, the B. Following Liam there was a three way tie for fifth with **Reuben Litherland**, like Victor, taking all of his Group (E) wins on the night, together with **Terry Mullen** smashing his PB of 10th in the previous Round and **Lee Pateman**, who finally got in tune with his car! Reuben lays third in the Group Challenge.

Macaully, above, buying spares from NASCAR winner Stuart, and Liam, below (after refuelling), did a great job helping with recording the race results, speeding things up.

Tom Gray guaranteed his Group A status for Monza with 8th here, 0.4 laps behind our trio while **Martin Thorpe** kept himself inside the top ten and firmly in Group B with a well calculated fastest lap of 10.068 seconds when the 25% cut off was 10.100 secs. **Nick Sismey** again was almost flat all the way round and was often seen defending from Martin into Turn 1 as the latter was much quicker. Nick was so was pleased only to lose out by 0.2 laps, finishing in tenth. **Connor Bacon** made it three Porsches in a row and two Gulf liveried ones back-to-back as he followed Nick home just a tenth behind the more experience racer. This smashed his best result of 19th at Road Atlanta on Bonfire Night last year.

Jenson Woodhouse, our youngest racer by some margin, was made up with the Group D win as he led home two other Group D members. Well truth be known he didn't lead home **Andrew Staniec** who matched him on 26.6 laps in 12th taking the most Group points of the Round, 5.5 and taking the lead in the 70+ Group Challenge. Third in the D was **Jag Kalyan**, a tenth back, who shared 14th with one of our two new kids on the block **Scott Bradley** recording his best finish of his first night. His three results on the night places him in the lead of the Team Group Challenge and second in the Group Challenge. In a very squashed 26 laps, half a lap covering six racers, there were two more drivers to report on. **Daniel Kalyan** was but 0.2 laps behind his dad and Scott, in 16th, with **Andrew Woodhouse** again five places behind Jenson in 17th.

Dean Garbett wasn't able to celebrate his 100th race start how he would have liked taking 18th however it could have been worse as **Dan Hughes-Dowd** and **Richard Booth** were hot on his heels in 19th only a smidgen of a tenth further back! **Dave Edwards'** early Evening success faded away here as he was only 1.2 laps ahead of **Laura Edwards** who finished in 24th, her best result of the night. Between them were **Adi Rowland** and **Stuart Gray**, a tenth separating the two in 22nd (Adi's best result) and 23rd. Stuart was however running a NASCAR as covered below. And running better than most! Adi also takes the lead in the Team Group Challenge with Scott.

Fellow NASCAR runner **Simon Goodlip** was in an uncharacteristic 25th having to slide his V8 through the bends and brake much earlier. **Simon Rankin** was moving up the charts however taking 26th while the last points earner this time was **Macaully Dutson** with his McLaren 0.2 laps behind Simon's Lambo. **JT Hughes-Dowd** then lead home two more NASCARs, **Phil Rees** in 29th a tenth back and **Lewis Blacker** who barely made it into double figures in 30th. Some tweaking required there I fear!

Simon again ran his yellow Lambo

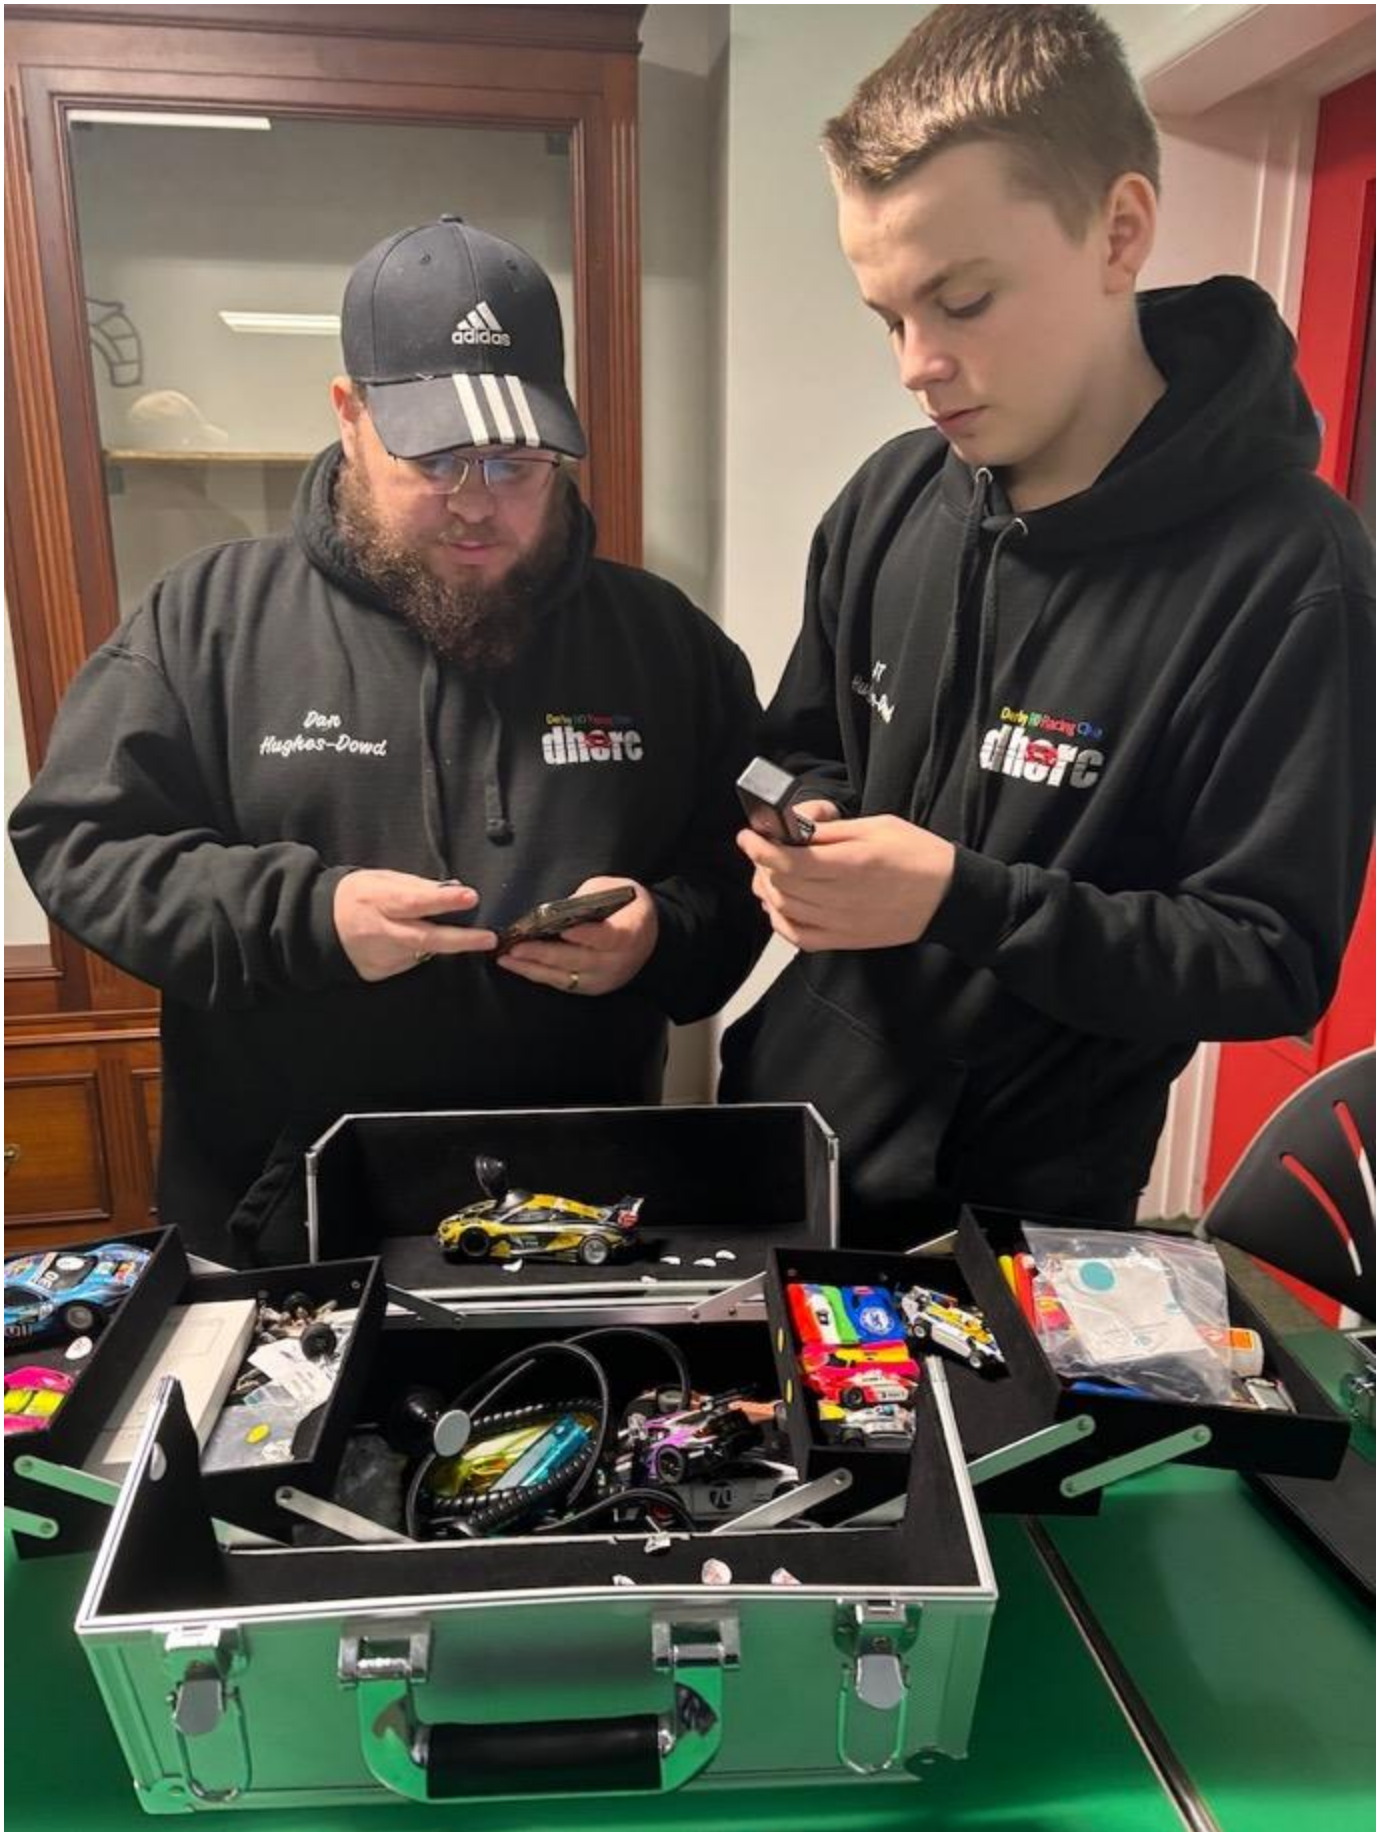

Stuart takes Cup Series Lead

Our very first NASCAR race saw **Stuart Gray** take the first win and the lead in the Cup Series. Run as part of the 5-minute Sprint Races drivers can choose whether to run their GTs or a NASCAR. Four Cup cars ran at Mugello, with more cars in the pipeline for later races. **Simon Goodlip** took second, 1.8 laps down with **Phil Rees** in third. **Lewis Blacker** rounded out the pack.

Circuit History

The **Monza Circuit** (Italian: Autodromo Nazionale Monza, lit. 'National Automobile Racetrack Monza') is a 5.793 km (3.600 mi) race track near the city of Monza, north of Milan, in Italy. Built in 1922, it was the world's third purpose-built motor racing circuit after Brooklands and Indianapolis and reportedly the oldest in mainland Europe. The circuit's biggest event is the Italian Grand Prix. With the exception of the 1980 running when the track was closed while undergoing refurbishment, the race has been hosted there since 1949.

The first track was built from May to July 1922 by 3,500 workers, financed by the Milan Automobile Club – which created the Società Incremento Automobilismo e Sport (SIAS) to run the track. The initial form was a 3.4 square kilometres (1.31 square mile) site with 10 km (6.2 mi) of macadamised road – comprising a 4.5 km (2.8 mi) loop track, and a 5.5 km (3.4 mi) road track. The track was officially opened on 3 September 1922, with the maiden race the second Italian Grand Prix held on 10 September 1922.
