SmartRace

**SmartRace, our “Official Timing Partner”.** Who would have thought that such a prodigious software company would contact us and want to sponsor our little club? A big thank to **Marc Bonsels** for making the first move and becoming such a big part of DHORC. Please see Page 5.

It may have been seven weeks since our last Carrera Digital Evening but with three Corporate events, which saw over 2,000 racers on our tracks (please see our latest HO Magazine and Facebook), a Carrera Digital and an HO Test Night we certainly haven't been idle. Our Facebook Page has also gone mad with over 55K followers and 55M hits.

Congratulations to **Simon Goodlip** for taking the two 15-minute Endurance Race wins at Watkins Glen and to **Victor de Oliveira** for taking the 5-minute Sprint Race win. Both continue to lead their respective Championships.

Congratulations also to all of our Group winners on Tuesday, **Scott Bradley (3)**, **Dan Hughes-Dowd (2)**, **JT Hughes-Dowd**, **Tom Gray (2)**, **Lee Pateman**, **Steve Whittaker (2)**, **Ted Whittaker**, **Simon (2)** and **Victor**.

We would just like to update you on a few tweaks as far as Membership is concerned. **Ted Whittaker** has now come off the reserve list and become a fully-fledged member. **Gabriel Ng**, due to work commitments, has had to move to the weekend roster alongside **Bill Woodhouse**. We may also unfortunately soon lose **JT Hughes-Dowd** to the Navy. However we have **Nick Jarram** and **James Wardle** from the HO side of DHORC testing CD at **Phil Rees'** on 04Oct25 so we may be back up to full strength with 36 racers soon.

This is a 2 part magazine again, hope you enjoy. **Nick Sismey**

## 2. SmartRace – DHORC's "Official Timing Partner"

**Marc Bonsels**, the founder of the excellent SmartRace and SmartRace Connect Apps, contacted us on Monday 11Aug25 with a proposal for SmartRace to become DHORC's "Official Timing Partner". After we spent the next week e-mailing back and forth we had a Facetime call on Monday 18Aug25 where we are delighted to announce we finalised the deal for three years.

In simple terms this means that DHORC will promote SmartRace wherever we can. We have already added SmartRace to our Carrera Digital DHORC logo, have included a hyperlink to Marc's site on all our Facebook reels from the Watkins Glen Test Night, which have already been viewed 180,000 times, and will look at all other opportunities to get SmartRace out into the worldwide community.

### 3. Low Downforce & Car Prep Test Night – 07Oct25

As mentioned during the Watkins Glen Test Night we plan to run a low downforce Test Night on 07Oct25 on our Fuji circuit. When we say low downforce what we mean is that we will move the magnet shim, that comes with the rear magnet, from where it is normally situated, above the magnet, to underneath the magnet. This means the magnet will be further away from the track reducing downforce.

This is purely to see what the effect will be and in no way indicates that we are looking to amend the rules in the future. I for one love the current rules and the high level of attendance at our Carrera Digital Club Nights proves the current rules are working. We certainly don't want to affect those.

This then allows for debate at the AGM in November but won't affect the current *modus operandi*.

We will also be running car preparation sessions so all can see how to set up your cars.

*The Carrera bar magnets. Shown with holders and shims.*

### 4. Scott Bradley's stunning photos

**Scott Bradley** brought along his new camera to the Watkins Glen Test Night and took some quite stunning photos like the grid below. This and others have been posted on our Facebook Page.

## 6. Poynton's reducing stock of Carrera cars

Unfortunately Poynton's won't be able to provide Carrera cars going forward so we will remove their add from future magazines. Talking to **Richard Poynton** the other day he advised that as he doesn't sell a lot of cars it has become more and more difficult to obtain cars from his supplier. They tend to favour larger model shops who do sell more. A shame as Richard has really helped to build up DHORC, we will always be grateful to him, hopefully things may change in the future.

## Overview

Our fifth (although Le Mans was only a 5-minute test followed by a 5-minute qualy before the two 15-minute races on the Friday night) Test of the year was on our all-new 134'5" Watkins Glen circuit based in upper New York State in the USA. Considering it was slap bang in the middle of the summer holiday season we were very pleased to have 27 racers on the grid.

The real Watkins Glen's highest profile races are IMSA, which includes GTs and the annual NASCAR race, also run in August (although next year it is in May). We had both of those car types on track. The real circuit also used to be the host to the USA F1 Grand Prix between 1960 and 1981. Therefore there was no surprise to also see an F1 on track, thanks to **Phil Rees** – see Page 7.

While the layout of our version was pretty authentic of what is a rather simple flowing circuit, it was also very tricky with surprises. The chicane had to be shown respect and there were several other corners that you thought you could take faster than you actually could. Hence the need to test any new circuit to be able to suss it out.

**Simon Goodlip** was able to suss it out the best as he headed all three columns in the results table, most laps in 5-minutes, fastest lap and then Pole position. He was the only one to go under 9 seconds in Qualifying although second placed **Adi Rowland** also achieved this during the test runs. **Steve White** took third while our newest Member **Teddy Whittaker** took an excellent fourth **Terry Mullen** could have taken third, had he matched his test lap time!

		
<b>2nd</b> <b>Adi Rowland</b> 9.406 secs	<b>1st</b> <b>Simon Goodlip</b> 8.983 secs 10.202 mph	<b>3rd</b> <b>Steve White</b> 9.600 secs

**Group B – Simon Rankin, Jag & Daniel Kalyan, Terry Mullen, Stuart Gray & Richard Booth**

**Group C – Steve White, Tom Gray, JT & Dan Hughes-Dowd, Simon Goodlip & José Borges**

Steve took third in Qualifying

Martin admitted he messed up in Qualifying. Trying to score the highest lap time (so he stays in Group B) he mistakenly rolled over the timing line while entering the pits to set the 20<sup>th</sup> fastest lap.
